

ENERGIZING THE NEW AGE

INOX Air Products Private Limited
Annual Report 2024-25

FORWARD LOOKING STATEMENT

Some information in this report may contain forward-looking statements. We have based these forward-looking statements on our current beliefs, expectations and intentions as to facts, actions and events that will or may occur in the future. Such statements generally are identified by forward-looking words such as “believe”, “plan”, “anticipate”, “continue”, “estimate”, “expect”,

A forward-looking statement may include a statement of the assumptions or basis underlying the forward-looking statement. We have chosen these assumptions or basis in good faith, and we believe that they are reasonable in all material respects. However, we caution you that forward-looking statements and assumed facts or bases almost always vary from actual results, and the differences between the results implied by the forward-looking statements and assumed facts or bases and actual results can be material, depending on the circumstances.

ENERGIZING THE NEW AGE

FY 2024–25 will always hold a special place in the INOX Air Products journey. It was a year defined by bold beginnings, strategic partnerships, and path-breaking innovations—each reinforcing our mission of Energizing the New Age, while being committed to stay ahead of the curve, always.

We closed the year with our **highest-ever revenue**, crossing the ₹3,000 crore milestone—a testament to our expanding footprint and the trust reposed in us by India's burgeoning manufacturing sector, including the forward-looking industries. What made this year truly transformative were the many 'firsts' that will define the next phase of our growth.

We **engineered India's first-ever Green Hydrogen plant** for the float glass industry, marking a significant stride in our commitment to clean energy. We also commissioned the country's **first Ultra-High Purity Electronic Grade Nitrous Oxide Plant**, reaffirming our capabilities to serve the fast-evolving semiconductor ecosystem.

Another engineering feat was the commissioning of our **largest-ever Air Separation Unit of 2,150 TPD at SAIL Bokaro**—a landmark moment, that will cater to the backbone of India's steel sector.

Further, we forged deep partnerships with industry leaders like **TATA Group's TP Solar, ReNew, and Waaree**, powering their ventures in the Solar energy space. In the **semiconductor sector**, we've built a robust offering—ranging from bulk and on-site gases to specialty and ultra-high purity solutions—backed by a supply chain built for precision and scale.

These efforts reflect more than just operational achievements—they speak to a future-focused vision where innovativeness, a sustainable outlook, growth-led vision and profitability go hand in hand.

We remain committed to building resilient infrastructure, enabling clean technology, and powering India's rise in the global manufacturing and energy landscape.

Siddharth Jain

Managing Director
INOX Air Products

ABOUT US

LEGACY + INNOVATION + CONVICTION = LEADERSHIP

Since 1963, INOX Air Products has transformed from just a gas supplier to a market leader in the Industrial, Electronic & Medical Gases Industry that satiates the gas needs of the present with an eye on the future in India. From powering legacy industries like metal to new-age sectors like solar panels, optic fibres, electronics and semi-conductors, INOX Air Products plays a silent yet significant role in nation building through its 50+ operational gas locations and a dedicated team of 1700+ employees. A strong clientele of 1800+ customers from 20+ industries and a truck fleet size of 700+ ensures that we exceed customer's expectations and create high brand-value for all our stakeholders in the value chain.

A robust combination of innovation, expansion & customer satisfaction drives us to consolidate our leadership position and ensure we keep 'perfection' at the core of everything we do. Our experience over the course of 6 decades enables us to deliver top-quality gases, offer flexible supply options and provide exceptional services, ultimately ensuring profitability. As the global forces look for multiple options to create a sustainable ecosystem, we too have entered the arena of Green Hydrogen that will enable us to empower the nation's contribution towards a greener tomorrow.

The current era is extremely dynamic, offering newer opportunities to expand our products range, including industrial gases, speciality gases and ultra-high purity gases. As we add more complex & critical products to our portfolio, Brand INOXAP becomes the preferred gas-partner for top brands from numerous sectors across the nation. Our never-ending pursuit of excellence ensures that perfection becomes a journey rather than a destination, propelling us to enter newer dimensions in uncharted territories, taking calculated risks and creating an ecosystem of

THE S³ REVOLUTION

POWERING THE SOLAR,
SEMICONDUCTOR AND
SMART DEVICE INDUSTRIES

As the world embraces a cleaner and more connected future, INOX Air Products is proud to be at the forefront of enabling this transformation. With gases playing a pivotal role in the manufacturing of smart devices, solar panels, and semiconductors, your Company is actively powering what we call the S³ Revolution—Solar, Semiconductor, and Smart Devices—through high-purity, mission-critical gas solutions.

Our strategic focus on the renewable and electronics ecosystem has translated into meaningful long-term partnerships and infrastructure investments. A key milestone this year is our agreement with TP Solar Ltd, a subsidiary of Tata Power Renewable Energy Ltd, to supply specialty gases such as Nitrous Oxide, Ammonia, Silane, and Trimethyl Aluminum for their solar cell and module facility in Tirunelveli, Tamil Nadu. This is being supported by a significant investment in creating a dedicated and integrated gas supply chain.

Additionally, we have commenced supplies of electronic and specialty gases to ReNew Photovoltaics Pvt. Ltd. for their solar PV cell manufacturing plant in Dholera, Gujarat, enabled by a robust logistics backbone, including dedicated ISO containers for seamless delivery.

The semiconductor sector is another strategic priority. Your Company commissioned India's first Ultra-High Purity Electronic Grade Nitrous Oxide Plant at Manali in Chennai, underscoring our commitment to supporting the nation's growing semiconductor ambitions. Our suite of ultra-high-purity gases, backed by stringent quality controls and sustainable practices, ensures that semiconductor fabs in India have access to globally benchmarked inputs for precision manufacturing.

Today, INOX Air Products is proud to be the supplier of choice for a growing number of smart device, solar cell, and semiconductor manufacturers across India. With an expanding national footprint and world-class logistics, we are uniquely positioned to become India's preferred partner for gas solutions in the new-age industrial ecosystem.

ALL ABOUT 2024-25

INOXAP COMMISSIONS IT'S LARGEST ASU AT SAIL, BOKARO.

Your Company has marked a major milestone by commissioning its largest-ever Air Separation Unit (ASU) at the Steel Authority of India's (SAIL) Bokaro Plant. With a massive investment of INR 750 crore, this state-of-the-art facility is not only our biggest Greenfield Oxygen Plant project in India but also the largest ASU ever installed across all SAIL plants nationwide. Boasting an impressive capacity of 2,150 tons per day, the unit will produce a mix of industrial gases—2,000 TPD of gaseous oxygen, 150 TPD of liquid oxygen, 1,200 TPD of gaseous nitrogen, and 100 TPD of argon. We already operate a 1,250 TPD ASU at the same location, and with this new addition, our total production capacity at the Bokaro Plant now exceeds 6,300 TPD—reinforcing its pivotal role in powering India's industrial growth. Union Minister of Heavy Industries and Steel Shri H.D. Kumaraswamy inaugurated the ASU on 29th January, 2025. Minister of State for Heavy Industries and Steel, Shri Bhupathi Raju Srinivasa Varma and Chairman of SAIL, Shri Prakash Amarendu, also graced the inauguration, in the presence of our Managing Director, Siddharth Jain.

INDIA'S FIRST GREEN HYDROGEN PLANT FOR FLOAT GLASS COMMISSIONED AT AIS, RAJASTHAN.

Commissioned our first-ever Green Hydrogen manufacturing Plant at Asahi India Glass Limited's (AIS) greenfield float glass facility at Soniyana in Chittorgarh, Rajasthan. AIS has entered into a 20-year offtake agreement with us for supply of Green Hydrogen, to this facility. The Plant, powered by solar energy, will have a capacity to generate up to 190 Tons of Green Hydrogen per Annum through the electrolysis process. This will be India's first instance of use of Green Hydrogen in the Float Glass manufacturing process, paving the way for sustainable glass production.

SECURED LONG-TERM SPECIALTY GASES CONTRACT WITH TP SOLAR.

We were awarded a long-term contract for Specialty Gases from TP Solar Ltd (TPSL), a subsidiary of Tata Power Renewable Energy Ltd (TPREL). We would supply Nitrous Oxide, Ammonia, Silane, Trimethyl Aluminum (TMA) in ISO containers, Tube Trailers and canisters to TPSL ensuring a seamless and reliable supply for its Solar cell & module manufacturing facility at Tirunelveli in Tamil Nadu.

LAUNCHED INDIA'S FIRST UHP ELECTRONIC GRADE NITROUS OXIDE PLANT IN CHENNAI.

Commissioned India's first Ultra High Purity (UHP) Electronic Grade Nitrous Oxide Plant with a capacity of 1700 Tons Per Annum (TPA) at Manali, Chennai. The state-of-the-art facility would produce UHP Electronic Grade Nitrous Oxide with an exceptional 6N (99.9999%) purity level, adhering to tightly controlled specifications for ensuring minimal contamination.

BEGAN SPECIALTY GAS SUPPLIES TO RENEW'S SOLAR PV PLANT IN DHOLERA, GUJARAT.

Commenced electronic and specialty gas supplies for Renew's manufacturing facility at Dholera, Gujarat. As part of a long-term contract, we will provide key electronic gases such as Nitrous Oxide, Ammonia, and Silane through a robust supply chain, strengthened by the deployment of owned ISO containers, to ReNew Photovoltaics Pvt. Ltd for their first solar PV Cell manufacturing facility.

NATION FIRST, ALWAYS

Over the years, your company has remained committed to creating meaningful change in the lives of marginalized and underserved communities through its Corporate Social Responsibility (CSR) efforts. These initiatives are thoughtfully designed to address pressing local needs and bridge developmental gaps, with a strong emphasis on areas such as healthcare, education, skill development, rural advancement, nation building, women's empowerment, environmental sustainability, and research and innovation.

All CSR activities are guided by the framework outlined in Section 135, Schedule VII of the Companies Act, 2013, ensuring that your company's social impact remains both purposeful and compliant with national priorities.

CSR INITIATIVES

EDUCATION

Education is a powerful catalyst for social progress, helping individuals realize their potential and opening doors for those who have traditionally faced barriers. With a strong commitment to improving learning outcomes, the Company has rolled out a range of initiatives, such as teacher training programs, to promote fair and inclusive access to quality education.

We are dedicated to advancing education through various initiatives, providing scholarships, infrastructure, and skill development for underserved communities. Below are the key organizations receiving support in 2024-25:

INITIATIVES

Aditya Birla Education Trust and Kanchan Seva Samarpan Sanstha offered scholarships and skill development programs for B.Ed. students in Gujarat and rural youth in Raebareli.

United Way of Baroda and Friends of Tribals Society funded higher education for bright students in Gujarat and ran One-Teacher-Schools in Chhattisgarh to educate 100 tribal children.

Ekal Shrihari Vanvasi Vikas Trust and Gramin Vikas Samiti, Maharashtra provided basic education for 500 tribal children and offered education and co-curricular activities to 100 disabled and underprivileged children.

Kohinoor Knowledge Foundation offered vocational training programs for underprivileged communities.

Metta Foundation promoted holistic education for students, educators, and parents.

Gram Seva Samaj, Vyara improved residential school facilities for 200 tribal children in Gujarat, ensuring they had better amenities for learning.

Catholic Higher Education and Priyadarshni Academy provided interest-free loans and scholarships to underprivileged students nationwide, including 100 scholarships for needy students.

Servants of the People Society was educating children with special needs (CWSN) and upgrading facilities, including smart class panels and sports amenities, for 70 children.

Samarpan Trust and Saraswati Gramododaya Shiksha Vikas Samiti supported children of rural social workers in tribal areas and enhancing education through smart class technology in Madhya Pradesh.

Karnataka Chinmaya Seva Trust installed solar power systems at Chinmaya Vidyalaya to reduce energy costs and help the school become self-reliant.

Buds Special School was provided with a bus for differently-abled children in Kannur, Kerala.

WOMEN EMPOWERMENT

Focused on empowering adolescent girls and hearing-disabled women through safety training, skill development, and rehabilitation.

We are supporting two key initiatives focused on women empowerment, in Lucknow and Delhi.

Under the Ekta Sashkt Kishori initiative by Red Brigade Lucknow, 4000 adolescent girls across 50 schools/villages in Lucknow were being empowered through training in self-defense, health education, and social skills development, with support systems provided to help them pursue their aspirations and strengthen the fight against sexual and gender-based violence.

In collaboration with the All India Foundation of Deaf Women (AIFDW) in Delhi, the initiative was offering vocational training, rehabilitation support, and job placement assistance for hearing-disabled women, with both initiatives focusing on skill-building, safety, rehabilitation, and creating sustainable livelihood opportunities.

NATION BUILDING

We are partnering with the Indian Army to support initiatives focused on child healthcare and education for the families of serving and retired personnel. These efforts aim to improve early childhood development and provide high-quality academic opportunities.

INITIATIVES

We are continually supporting two major initiatives under the Army Welfare CSR Fund in collaboration with the Indian Army during 2024–25.

Under the initiative supporting Early Intervention Centers (EICs) at military hospitals 5 Early Intervention Centers located at Military Hospitals in Dehradun, Chennai, Jodhpur, Bhopal, and 167 Military Hospital Pathankot are being supported. The centers focus on early detection and treatment of developmental, physical, and learning disabilities in children aged 0–6 years.

Under the “Prabal Super 50” initiative, we continue our support for the Indian Army’s free residential IIT JEE coaching program. The program benefits wards of serving and retired army personnel. It covers coaching, lodging, food, books, and other essentials at no cost to the students.

We contributed towards Air Force Families Welfare Association for education, employment enhancing vocational skills specially among children, women and differently-abled to increase livelihood opportunities.

RURAL DEVELOPMENT

Our rural development initiatives in Palghar district, Maharashtra, focused on renewable energy, infrastructure, and skill development to improve the lives of tribal communities.

INITIATIVES

Eklavya Swavalamban Trust is undertaking a project in Gargaon, Wada Tehsil, Palghar District, aimed at providing essential infrastructure and renewable energy systems, including the installation of 5 KVA on-grid and 5 KVA off-grid solar systems for sustainable energy, solar-powered street lights to improve safety and visibility, and the renovation and expansion of existing buildings to accommodate 20 trainees for skill development.

The project aims to enhance the welfare of tribal communities and support self-reliance through renewable energy and vocational training.

RESEARCH & DEVELOPMENT

Your Company is supporting cutting-edge research and infrastructure development at premier institutions like IIT Bombay, Indian Institute Of Science and IIT Delhi. These projects are focused on advancing India's capabilities in cryogenics, nanotechnology, clean energy, and high-precision scientific instrumentation.

INITIATIVES

At IIT Bombay, we are contributing to the development of a Cryogenic Research Facility, which will strengthen research in ultra-low temperature science and technology.

At IIT Delhi, multiple CSR-funded research projects are being supported across diverse scientific areas, including a project that involves an experimental setup to study the flow behavior and stratification of hydrogen-natural gas mixtures in gas pipelines. Additionally, the construction and repair of the existing Energy Innovation Laboratory is underway, while another project focuses on the electronics, optoelectronics, and thermoelectric properties of 2D nanomaterials using a Cryogenic Probe Stage. Another initiative is dedicated to developing a High-Capacity Deionized (DI) Water System for scientific and industrial applications. Furthermore, two high-end research setups are being established, focusing on Inductively Coupled Plasma Mass Spectrometry (ICP-MS) and ICP-OES, which are critical for advanced materials analysis and trace-level chemical detection.

Set up INOX Quantum Materials Lab at Indian Institute Of Science for research in the fields of semiconductor and quantum technologies. The Lab is set-up at the Centre for Nano Science and Engineering facility at IISc. It focuses on the development of topological semiconductors, a critical material for achieving fault-tolerant quantum computing, which is essential for the future of Quantum technology.

ENVIRONMENT SUSTAINABILITY

Our unwavering commitment to building a greener planet remains at the heart of all our initiatives. This guiding principle continues to shape our actions and inspire purposeful progress across every aspect of our sustainability and community engagement efforts.

The Urban Green Spaces Protection initiative at Priyadarshni Park in Malabar Hill, Mumbai, involved constructing a protective fence around the park to safeguard plants and preserve the ecosystem, supporting long-term urban greening and biodiversity conservation.

The Utkarsh Global Foundation in Mumbai launched initiatives to promote plastic-free lifestyles, including workshops on reducing plastic usage and distributing cloth bags and steel water bottles to replace single-use plastics, aiming to instill eco-conscious habits and encourage sustainable living.

Additionally, the NMMC Campaign in Navi Mumbai supported the local environmental drive by distributing cloth bags to reduce single-use plastic bag usage and reinforcing the message: "Say No to Plastic."

HEALTH CARE

The significance of accessible and quality healthcare cannot be overstated. Robust healthcare systems are fundamental to the well-being of communities and serve as a cornerstone for sustainable development. When individuals have convenient access to essential health services, they are empowered to lead healthier, more productive lives. For your Company, healthcare remains a core pillar of our Corporate Social Responsibility efforts. Guided by our commitment to equity and impact, we are dedicated to advancing affordable, high-quality healthcare for all—irrespective of geographic or socio-economic barriers.

INITIATIVES

Partnered with Akshay Pratisthan in Delhi to run a therapeutic unit for children with disabilities, ensuring access to essential care.

Helped Simadri Surya Eye Hospital (Odisha) deliver quality eye care services, enabling 750 cataract surgeries for tribal communities.

Contributed to PDMDS in Mumbai to enhance services at 2 rehabilitation centres, impacting over 2,500 people with Parkinson's.

Associated with Rajput Old Age Home to aid mentally challenged individuals and homeless women in and around Virar.

Enabled 20 cataract surgeries for low-income individuals through Blind Organisation of India, helping prevent avoidable blindness.

Partnered with Catalysts for Social Action to improve health, hygiene, and nutrition conditions in CCIs across 3 districts in Madhya Pradesh.

Facilitated critical equipment procurement at Charutar Arogya Mandal, enhancing care for neurosurgery patients from underserved communities.

Helped SHEOWS provide shelter, medical care, and nutrition to 40 rescued elderly residents in Delhi.

Through Tata Memorial Hospital's ImPaCCT Foundation, provided emergency diagnostic funds for 104 children undergoing cancer treatment.

Helped Kalaingar Centenary Super Speciality Hospital with 3 electric vehicles benefitting ~2,000 patients daily

Contributed to Sankar Foundation in Andhra Pradesh which resulted in 914 eye surgeries, 2,084 glaucoma evaluations, 1,535 retinal diagnoses and over 32,000 beneficiaries served since inception

Collaborated with Uddip Social Welfare Society for a pilot in Bhopal featuring 5+ specialized health activities for differently-abled children and parents

Worked with Rotary Foundation India to supply equipment for pediatric cardiac care and healthcare skilling.

Continued contribution to Indraprastha Global Education & Research Foundation for an 800-bed hospital in rural Haryana.

Installed solar power systems at Tulsi Manas Pratishthan, reducing energy costs at a facility for persons with disabilities.

Medical infrastructure was enhanced at Ram Manohar Lohia Foundation with 2 control panels & 2 air dryers and Lala Lajpat Rai Medical Hospital with Oxygen pipeline for 46 beds

Conducted large-scale medical outreach with Jankalyan Foundation, reaching 10,000+ beneficiaries in Mumbai.

Assisted Satishchandra Makharia Charitable Trust in funding life-saving pediatric surgeries and trauma centre equipment.

Funded a water cooler installation at a government school and ITI in Juni Jithardi and Sinor, Gujarat through Waterlink Technologies.

NOTES:

- a) **A MEMBER ENTITLED TO ATTEND AND VOTE AT THE ANNUAL GENERAL MEETING (THE "MEETING") ("AGM") IS ENTITLED TO APPOINT A PROXY TO ATTEND AND VOTE ON A POLL INSTEAD OF HIMSELF/HERSELF AND A PROXY NEED NOT BE A MEMBER OF THE COMPANY.**
- b) The instrument appointing the proxy should, however, be deposited at the registered office of the company not less than forty-eight hours before the commencement of the meeting.
- c) Pursuant to section 105 of the Companies Act, 2013, a person can act as a proxy on behalf of not exceeding fifty members and holding in aggregate, not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder. The holder of proxy shall prove his/her identity at the time of attending meetings.
- d) The Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 relating to the Special Business to be transacted at the Meeting is annexed hereto.
- e) The record date for determining entitlement of Members to final dividend for the financial year ended 31st March, 2025, if approved at the AGM shall be 17th September, 2025.
- f) Corporate Members intending to send their authorised representative(s) to attend the AGM, pursuant to Section 113 of the Companies Act, 2013 are requested to send to the Company, a certified copy of the relevant Board Resolution together with the specimen signatures of those representative(s) authorised under the said resolution to attend and vote on their behalf at the meeting.
- g) The Register of Directors and Key Managerial Personnel and their shareholding, maintained under section 170 of the Companies Act, 2013 and Register of Contract or Arrangement in which Directors are interested, maintained under section 189 of the Companies Act, 2013 will be available for inspection by the members at the Annual General Meeting.
- h) In compliance with the provisions of Section 124 and Section 125 of the Companies Act, 2013, the Company has transferred the unpaid or unclaimed dividends declared up to financial years 2016-17, from time to time, to the Investor Education and Protection Fund (IEPF) established by the Central Government. The Company has uploaded the details of unpaid and unclaimed dividends lying with the Company as on 25th September, 2024 (date of the previous Annual General Meeting) on the website of the Company and the same can be accessed through the link <http://www.inoxairproducts.com/Investor Relations/Unclaimed Dividend>. The said details have also been uploaded on the website of the IEPF Authority and the same can be accessed through the link: www.iepf.gov.in.
- Members who have not encashed their dividend warrants for the financial year ended 31st March, 2018 or any subsequent financial year(s) are requested to make their claims to the Company for issue of duplicate dividend warrants.
- i) In compliance with various requirements set out in the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended, the Company has transferred to the IEPF Authority all shares in respect of which dividend had remained unpaid or unclaimed for seven consecutive years or more as on the due date of transfer. Details of shares transferred to the IEPF Authority are available on the website of the Company and the same can be accessed through the link: <http://www.inoxairproducts.com/Investor Relations/Transfer of Shares> to IEPF. The said details have also been uploaded on the website of the IEPF Authority and the same can be accessed through the link: www.iepf.gov.in. Members may note that shares as well as unclaimed dividends transferred to IEPF Authority can be claimed back from them. Concerned members/investors are advised to visit the weblink: <http://iepf.gov.in/IEPFA/refund.html> and no claim shall lie against the Company in respect of such dividends/shares.
- j) The Company recommends to the shareholders to encash/claim their respective dividend/underlying shares within the period given below:

Sr. No.	Financial Year	Proposed date of transfer to IEPF	Unclaimed Dividend amount (in ₹)	No. of underlying shares
1.	2017-2018	2 nd December, 2025	12,870/-	2,574
2.	2018-2019	4 th December, 2026	16,225/-	3,245
3.	2019-2020	3 rd December, 2027	17,725/-	3,545
4.	2020-2021	2 nd December, 2028	23,246/-	5,699
5.	2021-2022	21 st May, 2029	18,535/-	3,051
6.	2022-2023	4 th November, 2030	28,282/-	3,506
7.	2023-2024	2 nd November, 2031	28,300/-	3,524

- k) Members are requested to update their bank mandate / NECS / Direct credit details / name / address / power of attorney and update their Core Banking Solutions enabled account number:
- For shares held in physical form: with the Company / Registrar and Share Transfer Agent of the Company.
 - For shares held in dematerialised form: with the Depository Participants with whom they maintain their demat accounts.
- l) In terms of Section 72 of the Act, nomination facility is available to individual Members holding shares in the physical mode. The Members who are desirous of availing this facility, may kindly write to Company's RTA for nomination form by quoting their folio number.
- m) In terms of the requirements of the Secretarial Standards 2 on "General Meetings" issued by the Institute of the Company Secretaries of India and approved & notified by the Central Government, a Route Map showing directions to the venue of the 62nd AGM and nearby prominent landmark is given at the end of this Notice.

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

ITEM NO. 3

The Board based, on the recommendation of the Audit Committee, has approved the re-appointment of M/s. Dhananjay V. Joshi & Associates, Cost Accountants to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2026 at remuneration of ₹ 6,50,000/- (Rupees Six Lakhs Fifty Thousand Only) plus taxes at the applicable rates and reimbursement of out-of-pocket expenses.

In accordance with the provisions of Section 148 of the Act read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board of Directors, is required to be ratified by the members of the Company. Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 3 of the Notice for ratification of remuneration payable to the Cost Auditors for the financial year ending 31st March, 2026.

None of the Promoters, Directors, Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the Notice.

By order of the Board of Directors

- ii. Formation of Nomination and Remuneration Committee and policy of the same as per Section 178 of the Companies Act, 2013 and
- iii. To carry out formal annual evaluation of the Board of its own performance and that of its committees and individual directors, as Rule 8(4) of the Companies (Accounts) Rules, 2014.

35. CSR APPROACH:

During the year, the Company remained steadfast in its commitment to creating meaningful and inclusive change through its Corporate Social Responsibility (CSR) efforts. Guided by our 'Nation-First' philosophy, our initiatives spanned several critical areas, including Education, Nation Building, Rural Development, Healthcare, Women Empowerment, Environmental Sustainability, and Research & Development.

BOARDS' REPORT- 2024-25 (contd.)

Education was a central pillar of our CSR strategy. We provided scholarships to meritorious and underprivileged students, supported higher education through leading institutions and helped modernize rural and tribal schools by developing smart classrooms and enhancing infrastructure. Recognizing the importance of inclusive education, we also partnered with NGOs to support special education for children with disabilities.

Delivering on our commitment to Nation Building, we launched targeted programs to support the armed forces and their families. Through the "Prabal Super 50" initiative, we offered free IIT JEE coaching to children of service personnel. In parallel, we contributed towards medical support to military hospitals, particularly for children with developmental needs, ensuring better healthcare access for these communities.

Our Rural Development efforts were multifaceted, encompassing solar electrification projects, infrastructure development in tribal schools and livelihood enhancement programs aimed at improving the quality of life in underserved areas. These efforts were complemented by initiatives to preserve India's rich cultural legacy through heritage restoration projects.

Healthcare remained another key focus area, where we worked to expand access to quality medical services for marginalized populations. From supporting paediatric cancer care, to strengthening eye care services, our initiatives aimed to address both immediate and long-term health needs. Additional efforts included support for patients with Parkinson's disease, mental health care for the elderly and differently-abled, and rehabilitation services for children with special needs.

In the sphere of Women Empowerment, we launched several programs aimed at fostering safety, independence, and opportunity. Collaborating with grassroots organizations, we provided adolescent girls with self-defense training, life skills education, and vocational training. These efforts were also extended to women with hearing disabilities, ensuring inclusivity in our empowerment initiatives.

Environmental Sustainability is another important dimension of our CSR strategy. We backed nationwide campaigns to reduce plastic usage and supported the installation of solar energy systems in schools and rural centers—promoting renewable energy adoption and fostering energy independence in remote areas.

Reinforcing our commitment to Research & Development through scientific and technological advancement, we collaborated with premier institutions such as IISc Bangalore, IIT Mumbai and IIT Delhi on cutting-edge projects. These initiatives spanned cryogenics, nanomaterials, and energy innovation, aligning our efforts with national innovation goals.

Looking ahead, the Company remains dedicated to driving positive social impact through responsible and sustainable initiatives. Our CSR approach will continue to be guided by national priorities and global development objectives, ensuring our efforts are both meaningful and future.

36. ACKNOWLEDGEMENT:

Your directors have placed on record their appreciation and gratitude to the Employees and Bankers for their continued support and co-operation.

Note :

The financial statement of the joint venture for the year ended on 31st March, 2025 are not prepared on going concern basis. The relevant disclosure is given in Note 8A of the consolidated financial statement which is re-produced below:

BELLOXY was set up as Special purpose vehicle (SPV) to supply gas to one of the main customers under long term supply agreement. The agreement with the said customer expired in the month of November, 2021. The customer had shown its unwillingness for renewal of the agreement, as a result of which BELLOXY entered into an asset sale agreement to realise value of its Building, Plant and Machinery and other related assets through sale transaction with the said customer which was consummated in earlier years. BELLOXY does not have any further business operations or other business plans. Accordingly, financial statements of BELLOXY have not been prepared on a going concern basis.

Name of associates or joint ventures which are yet to commence operations: Nil.

Names of associates or joint ventures which have been liquidated or sold during the year: Nil.

Annexure 2

FORM NO. MR-3 SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
INOX Air Products Private Limited
Mumbai

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Inox Air Products Private Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company, to the extent information provided by the Company, its officers, agents and authorised representatives during the conduct of Secretarial Audit, the explanations and clarifications given to us and the representations made by the Management, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2025 ("the audit period"), generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by the Company for the financial year ended on March 31, 2025 according to the provisions of:

- (i) The Companies Act, 2013 ("the Act") and the rules made thereunder;
- (ii) The Securities Contracts ("Regulation") Act, 1956 ("SCRA") and the rules made thereunder; **(Not applicable to the Company as it is a Private Limited Company during the audit period)**
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): **(Not applicable to the Company as it is a Private Limited Company during the audit period)**
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 and amendments from time to time;
 - d. The Securities and Exchange Board of India (Share Based Employees Benefits) Regulations, 2014;
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; and
 - i. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

BOARDS' REPORT- 2024-25 (contd.)

(vi) Other laws being specifically applicable to the Company based on their sector/industry:

- a) The Explosive Act, 1884 and the following rules framed thereunder:
 - (i) The Explosive Rules, 2008
 - (ii) The Gas Cylinder Rules, 2016
 - (iii) The Static & Mobile Pressure Vessels (Unfired) Rules, 2016
 - (iv) The Ammonium Nitrate Rules, 2012
- b) The Petroleum Act, 1934 and the Petroleum Rules, 2002
- c) The Drug and Cosmetic Act, 1940 and the Drug and Cosmetic Rules, 1945
- d) The Drug (Prices Control) Order, 2013 under the Essential Commodities Act, 1955
- e) The Environment (Protection) Act, 1986 and the Rules framed thereunder.

We have also examined compliance with the applicable clauses of the Secretarial Standards (i.e. SS-1 and SS-2) issued by The Institute of Company Secretaries of India with respect to board and general meetings.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above, as applicable.

We further report that:

The Board of Directors of the Company is duly constituted. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors/members to schedule the Board Meetings/ Committee Meetings. The agenda and detailed notes on agenda were sent at least seven days in advance, except when Board meetings were called by giving less than seven days' notice in accordance with the provisions of Section 173 of the Act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings held during the year and signed by the Chairperson (including circular resolution passed), the decisions of the Board were unanimous and no dissenting views have been recorded. Further, as confirmed by the management, mechanism to capture and record the dissenting Members' views as a part of the minutes, exist.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there were no specific events / actions having a major bearing on the Company's affairs in pursuance of laws, rules, regulations, guidelines, standards, etc. referred to above.

This Report is to be read with our letter of even date which is annexed as **Annexure A** and forms an integral part of this report.

BOARDS' REPORT- 2024-25 (contd.)

Annexure A

To,

The Members

INOX Air Products Private Limited
Mumbai

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and process as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for my opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Wherever required, we have obtained the Management Representation about the compliance of laws, rules and regulations and happening of events, etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of Management. Our examination was limited to the verification of procedure on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **INOX AIR PRODUCTS PRIVATE LIMITED**, ("the Company"), which comprise the Standalone Balance Sheet as at 31 March 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information ("the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statement.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon ("Other Information")

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED (contd.)

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss including (Other Comprehensive Income), the Standalone Statement of Changes in Equity, and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on 31 March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED (contd.)

- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure II wherein we have expressed an unmodified opinion.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv.
 - a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on the audit procedures which we have considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v.
 - a) The final dividend paid by the Company during the year, in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act.
 - b) As stated in note 18 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting and the same is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
 - vi. Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure I

Annexure I to Independent auditor's report to the members of INOX AIR PRODUCTS PRIVATE LIMITED on the standalone financial statements for the year ended 31 March 2025 – referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date.

In term of the Companies (Auditor's Report) Order, 2020 ("the Order"), on the basis of information and explanation given to us and the books and records examined by us in the normal course of audit and such checks as we considered appropriate, to the best of our knowledge and belief, we state as under:

- i. (a) (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment.
(B) The Company has also maintained proper records showing full particulars of intangible assets.
- (b) The Property, Plant and Equipment have been physically verified by the management at reasonable intervals and no material discrepancies have been noticed on such verification.
- (c) The title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) are held in the name of the Company.
- (d) The Company has not revalued its Property, Plant and Equipment (including right of use assets) and intangibles assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- ii. (a) The inventories were physically verified by the management at reasonable intervals during the year and the coverage and procedures of the verification were appropriate. No material discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of inventories as compared to book records.
- (b) The Company has not been sanctioned any working capital limit in excess of five crore rupees, in aggregate, at any point of time during the year, from banks or financial institutions on the basis of security of current assets. Accordingly, the requirement to report on clause 3(ii)(b) of the Order is not applicable to the Company.
- iii. The Company has made investments in and granted unsecured loans to other parties during the year, in respect of which the requisite information is as below.
- (a) During the year the Company has provided loans to its employees as follows:

(₹ in Lakhs)

Particulars	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted/provided during the year	-	-	232.48	-
- Others – loans to employees				
Balance outstanding as at balance sheet date in respect of above cases	-	-	182.48	-
- Others – loans to employees				

Further, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms and limited liability partnerships during the year.

- (b) The investments made and the terms and conditions of the grant of all loans to other parties provided are not prejudicial to the Company's interest.

Annexure I

- (c) The schedule of repayment of principal has been stipulated for the loans granted to other parties and the repayment/receipts are regular.
- (d) There are no amounts of loans granted to other parties, which are overdue for more than ninety days.
- (e) No loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdue of existing loans given to the same parties.
- (f) The Company has not granted any loans/advances in the nature of loans without specifying any terms or period of repayment.
- iv. The Company has complied with the provisions of section 186 of the Act in respect of investments made. The Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Act and the Company has not provided any guarantees or security as specified under Section 186 of the Act.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Act, and the Rules framed thereunder. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for maintenance of cost records under section 148(1) of the Companies Act, for activities of the Company to which the said Rules are made applicable, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained.
- vii. (a) The Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, duty of customs, cess and any other material statutory dues applicable to it. There are no undisputed dues relating to sales tax, service tax, duty of excise or value added tax. There are no undisputed amounts payable in respect of such statutory dues which were in arrears as at 31 March 2025 for a period of more than six months from the date they become payable.
- (b) The details of statutory dues referred to in sub-clause (a) above, which have not been deposited on account of disputes are as under:

	Nature of Dues	Period	Amount (₹ in Lakhs)	Forum where dispute is pending
A.	Under Central Excise Act 1944 – in respect of:			
1	Undervaluation of Liquid Nitrogen	April 2006 to June 2017	237.01	CESTAT, Mumbai

		FY 2020-2021 to FY 2022-2023	120.97	Commissioner (Appeals), Chennai

Annexure I

- viii. There are no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix.
 - (a) The Company has not defaulted in repayment of loans and other borrowings or in payment of interest thereon to any lender.
 - (b) The Company has not been declared a wilful defaulter by any bank or financial institution or other lender.
 - (c) The term loans were applied for the purpose for which the loans were obtained.
 - (d) On an overall examination of the standalone financial statements of the Company, funds raised on short-term basis have not been used for long-term purposes.
 - (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its joint venture.
 - (f) The Company has not raised loans during the year on the pledge of securities held in its joint venture.
- x.
 - (a) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments) during the year.
 - (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partly or optionally convertible).
- xi.
 - (a) No fraud by the Company or on the Company has been noticed or reported during the year.
 - (b) During the year, no report has been filed by the auditors, under sub-section (12) of section 143 of the Companies Act in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
 - (c) There are no whistle-blower complaints received by the Company during the year.
- xii. The Company is not a Nidhi Company and accordingly, the requirement to report on clause 3(xii) of the Order is not applicable to the Company.
- xiii. All transactions with the related parties are in compliance with sections 177 and 188 of Companies Act, and the details have been disclosed in the standalone financial statements etc. as required by the applicable accounting standards.
- xiv.
 - (a) The Company has an internal audit system commensurate with the size and nature of its business.
 - (b) The internal audit reports of the Company issued till the date of the audit report, for the period under audit have been considered by us.
- xv. The Company has not entered into any non-cash transactions with directors or persons connected with them and accordingly, the requirement to report on clause 3(xv) of the Order is not applicable to the Company.
- xvi.
 - (a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934).
 - (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities during the year.
 - (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India.
 - (d) There is no CIC in the Group.
- xvii. The Company has not incurred cash losses in the current and the immediately preceding financial year.

Annexure I

- xviii. There has been no resignations of the statutory auditors during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts upto the date of the audit report and we neither give any guarantee nor any assurance that all the liabilities following due within a period of one year, from the balance sheet date will get discharged by the Company as and when they fall due.
- xx. In respect of expenditure on Corporate Social Responsibility (CSR)
- (a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Act, in compliance with second proviso to sub section 5 of section 135 of the Act.
 - (b) The Company did not have any ongoing project and accordingly, the requirement to report on clause 3(xx)(b) of the Order is not applicable to the Company.

Annexure II

Annexure II to Independent auditor's report to the members of INOX AIR PRODUCTS PRIVATE LIMITED on the standalone financial statements for the year ended 31 March 2025 - referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **INOX AIR PRODUCTS PRIVATE LIMITED**, ("the Company") as of 31 March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls, and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure II

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31 March 2025 based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

1. Corporate Information

INOX Air Products Private Limited (the "Company") is a limited liability company, incorporated and domiciled in India. It is a joint venture company between the Jain group and Air Products and Chemicals Inc., USA. The Company is engaged in manufacture and supply of industrial, medical and other gases, including on job-work basis, and trading in such gases. The Company has also given plants on operating lease and earns lease rentals and operations and maintenance charges. The Company mainly caters to the domestic market.

The Company's registered office is located at A-2, TTC Industrial Area, Off Thane Belapur Road, Pawane, Navi Mumbai – 400 710, India. The CIN of the Company is U24999MH1963PTC012625.

2. Statement of compliance and basis of preparation and presentation

2.1 Statement of Compliance

These financial statements are the separate financial statements of the Company (also called standalone financial statements) and comply in all material aspects with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act"), read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, relevant provisions of the Act and other accounting principles generally accepted in India. Accounting policies have been consistently applied except where a newly issued accounting standards initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use (see Note 2.3).

These financial statements are authorized for issue by the Company's Board of Directors on June 17, 2025.

2.2 Basis of preparation, presentation and measurement

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

These financial statements have been prepared on an accrual basis and under the historical cost basis except as under:

- certain financial assets and liabilities are measured at fair value or amortised cost (refer accounting policy regarding financial instruments)
- asset held for sale – measured at lower of fair value less cost to sell and carrying amount
- defined benefit liability is measured as per actuarial valuation

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of products and services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

Particulars of investment in joint venture is as under:

Name of the investee	Principal place of business and country of incorporation	Proportion of the ownership interest and voting rights	Method used to account for the investment
Bellary Oxygen Company Private Limited	Haudin House, No. 5, Haudin Road, Bangalore - 560042, Karnataka, India	50%	At Cost

2.3 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards.

- a) Following changes are effective for accounting periods beginning on or after 1 April 2024 vide notification dated 9 September 2024 and 28 September 2024 issued by MCA:
- New accounting standard Ind AS 117: Insurance contracts
 - Amendments to Ind AS 116: Leases – relating to sale and leaseback transactions

The above changes did not have any impact on the financial statements of the Company.

- b) Following changes are effective for accounting periods beginning on or after 1 April 2025 vide notification dated 7 May 2025 issued by MCA:
- Amendments to Ind AS 21: The Effects of Changes in Foreign Exchange Rates - These amendments provide guidance regarding estimating the spot exchange rate when the currency is not exchangeable and relevant disclosures.

The above amendments will not have any significant impact on the financial statements of the Company.

3. Material Accounting Policies:

3.1 Revenue

a) Revenue from contracts with customers

Revenue from contracts with customers is recognized when the Company satisfies the performance obligation by transfer of control of promised product or service to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue excludes taxes and duties collected on behalf of the Government.

Revenue from sale of products:

Revenue from sale of products is recognized, at a point in time or over time, on satisfaction of performance obligation for the products sold, as under:

- i) Onsite customers: Revenue from sale to onsite customers is recognized when the control of the goods has been transferred to the customer and the performance obligation is satisfied over time since the supply is on continuous basis and the customer simultaneously receives and consumes the benefits of the performance as the Company performs. Output based measure of progress is used to recognize revenue over the period of time.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

- ii) Others: Revenue is recognized when the control of the goods has been transferred to the customer and the performance obligation is satisfied at a point in time i.e. when the material is shipped to the customer or on delivery to the customer, as per the terms of the contract.

Other operating revenue:

In the case of revenue from operations and maintenance of plants, the performance obligation is satisfied over time as the services are rendered. Revenue is recognized over the period of contract, on time proportion basis. Other operating revenue is recognized over the period of contract or at a point in time, when it accrues in terms of the respective arrangements/contracts.

No element of financing is deemed present as the payment of transaction price is either made in advance / due immediately at the point of sale or the sales are made with a credit term of generally up to 45 days, which is consistent with the market practice. There are no contracts where the period between the transfer of promised goods or services to the customers and payment by the customers exceed one year. Consequently, no adjustment is required to the transaction price for the time value of money.

Any consideration payable to the customer is adjusted to the transaction price, unless it is payment for a distinct product or service from the customer.

Contract balances:

The Company classifies the right to consideration in exchange for deliverables as trade receivable. A receivable is a right to consideration that is unconditional upon passage of time. A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract. Contract liabilities are presented as 'Advances from customers'.

b) Other income:

Dividend income from investments is recognised when the right to receive payment is established. Interest income from a financial asset is recognized on time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate which exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Insurance claims are recognized to the extent there is a reasonable certainty of the realizability of the claim amount.

3.2 Property, Plant and Equipment

An item of Property, Plant and Equipment (PPE) that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, property, plant and equipment are carried at cost, as reduced by accumulated depreciation and impairment losses, if any. Cost comprises of purchase price / cost of construction, including non-refundable taxes or levies and any expenses attributable to bring the PPE to its working condition for its intended use. Project pre-operative expenses are capitalized to various eligible PPE in respective units. Borrowing costs directly attributable to acquisition or construction of qualifying PPE are capitalised.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

Spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work-in-progress. Expenses those are capitalised are considered as pre-operative expenses and are disclosed under capital work-in-progress until the project is capitalised. Advances given towards acquisition of PPE outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Depreciation is recognised so as to write off the cost of PPE (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The useful lives prescribed in Schedule II to the Companies Act, 2013 are considered as the minimum lives. If the management's estimate of the useful life of property, plant and equipment at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the management's estimate of the useful life/remaining useful life. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

PPE are depreciated over its estimated useful lives, determined as under:

- Freehold land is not depreciated.
- Solar power plant is depreciated over 25 years based on the technical assessment of useful life and applicable warranty conditions.
- On other items of PPE, on the basis of useful life as per Part C of Schedule II to the Companies Act, 2013 which is as follows -

Factory buildings - 30 years

Other buildings - 60 years

Plant and equipment being continuous process plants - 25 years

Other plant and equipment - 15 years

Electrical installations - 10 years

Furniture and fixture - 10 years

Vehicles - 8 years

Office equipment - 5 Years

Computers - 3 years

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

For transition to Ind AS, the Company has elected to continue with the carrying value of all the property, plant and equipment recognised as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.3 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Intangible assets acquired in a business combination and recognized separately from goodwill are initially recognized at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortization and impairment losses, on the same basis as intangible assets as above.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Estimated useful life of intangible asset is as follows:

- Software costs: amortized on a straight-line basis over a period of six years.
- Power generation license: amortized on a straight-line basis over a period of twenty-five years.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1st April, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.4 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

3.5 Impairment of property, plant & equipment, intangible assets and investment in joint venture

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant & equipment, intangible assets (other than goodwill) and investment in joint venture to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If it is not possible to measure fair value less cost of disposal because there is no basis for making a reliable estimate of the price at which an orderly transaction to sell the asset would take place between market participants at the measurement dates under market conditions, the asset's value in use is used as recoverable amount.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3.6 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease viz. whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a) The Company as lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease.

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to the ownership of an underlying asset. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term or another systematic basis, as appropriate. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract. The leasing transactions of the Company comprise of only operating leases.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

b) The Company as lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

"Lease liability" and "Right-of-use" asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Variable lease payments that are not included in the measurement of lease liabilities is charged as expense in the statement of profit and loss under the head 'Rent, lease rentals and hire charges.'

3.7 Inventories

Inventories are valued at lower of the cost and net realisable value. Cost is determined using weighted average cost basis. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Valuation of work-in-progress and finished goods includes proportionate production overheads.

3.8 Employee benefits

Short-term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees and recognized as expenses in the Statement of Profit and Loss. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. These benefits include salary and wages, bonus, performance incentives, short-term compensated absences etc.

Long-term employee benefits:

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans.

Defined contribution plans:

Retirement benefit in the form of provident and pension fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the fund. Payments to defined contribution plan are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan and is funded. For defined benefit plan, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset at the start of the reporting period, taking account of any change in the net defined benefit liability or asset during the year as a result of contributions and benefit payments. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Other long-term employee benefits:

The employees of the Company are entitled to compensated absences. The employees can carry-forward a portion of the unutilised accumulating compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

3.9 Foreign currency transactions and translation

The transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, foreign currency monetary items are translated using the closing rates. Non-monetary items measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction and are not translated. Non-monetary items measured at fair value that are denominated in foreign currency are translated using the exchange rates at the date when the fair value was measured. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.10 Investment in joint venture

Investment in joint venture is carried at cost less accumulated impairment, if any. On disposal of investments in joint venture the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

3.11 Government grants

Government grants are recognised when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grants.

Government grants, whose primary condition is that the Company should establish and operate manufacturing facilities in specified areas, are initially recognised as deferred revenue in the balance sheet and subsequently transferred to profit or loss as other income on a systematic and rational basis over the useful lives of the related assets. Grants that compensate the Company for expenses incurred are recognised in profit or loss, either as other income or deducted in reporting the related expense, as appropriate, on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in profit or loss in the period in which they become receivable.

3.12 Taxation

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of Profit and Loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Presentation of current and deferred tax:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

3.13 Provisions and contingencies

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognized in the financial statements. However, it is disclosed only when an inflow of economic benefits is probable.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

3.14 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

A] Financial assets

a) Initial recognition and measurement:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, except for trade receivables which are initially measured at transaction price. In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset.

b) Effective interest method:

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

c) Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company's business model for managing the financial asset; and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is adjusted for loss allowance and impairment losses, if any.

ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investments in equity instruments, classified under financial assets, are initially measured at fair value. The Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument are recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI.

This category does not apply to any of the financial assets of the Company.

iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above.

This is a residual category applied to all other investments of the Company excluding investments in joint venture. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

d) Foreign exchange gains and losses:

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

e) Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability.

The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

f) Impairment of financial assets:

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss under the head 'Other expenses'/'Other income'.

B) Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

i. Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

ii. Financial Liabilities:

a) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

b) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

The Company has not designated any financial liability as at FVTPL.

c) Foreign exchange gains and losses:

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in profit or loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the closing rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

d) Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

3.15 Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

3.16 Earnings Per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

4. Critical accounting judgements, assumptions and use of estimates

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision or future periods if the revision affects both current and future periods.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Following are the critical judgements, assumptions and use of estimates that have the most significant effects on the amounts recognized in these financial statements:

a) In respect of recognition of revenue from contract with customers

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer and acceptance of delivery by the customer etc.

The Company also exercises judgements and estimations to determine the cost and margin to arrive at an appropriate standalone transaction price for performance obligation particularly in respect of operation and maintenance charges out of the total consideration received by the Company.

In the case of contracts negotiated as a package as referred in (b) below, judgment is required in estimating transaction price in respect of performance obligations other than lease.

b) In respect of assets given on lease

The Company has established certain gas manufacturing units for supply of gases at customers' site and some of the arrangements do not take legal form of lease. The Company is required to assess whether a contract is, or contains, a lease.

As per Ind AS 116, in order to identify a lease, the Company is required to assess whether a contract conveys to the customer the right to control the use of an identified asset based on certain criterion. For this purpose, the Company has examined the various terms of the agreement, especially those relating to customer's right to direct the use of the identified assets, extent of economic benefits derived and other rights and obligations of both the parties to the arrangement. On the basis of analysis carried out, the Company has concluded that such arrangements contain a lease.

Further, the leases are required to be classified as 'operating leases' or 'finance leases' on the basis of transfer of substantially all the risks and rewards incidental to ownership of an underlying asset. For this purpose, the Company has examined the various terms of the said agreements, especially those relating to the transfer of ownership, extension of the lease term, the responsibility of operation and maintenance and the risk associated with non-supply of gases etc. for their impact on the transfer of risks and rewards incidental to ownership of the plant and also the economic life of the underlying asset. On the basis of analysis carried out, the Company has concluded that all such arrangements are operating leases.

As required by Ind AS 116 and Ind AS-115, the amount of lease income is separated from payments for other elements in the arrangement by using the estimation technique on the basis of rate of return over the estimated life of the underline asset. Such determination requires significant judgment by the management.

c) Leasehold land

In respect of leasehold lands, considering the terms and conditions of the leases, particularly in respect of the transfer of substantially all risks and rewards incidental to ownership of an asset, it is concluded that they are in the nature of leases.

d) In respect of Government Grants

Some of the Company's manufacturing units are entitled to capital investment subsidy/investment promotion subsidy in terms of the schemes notified by the respective State Governments, whose primary condition is that the Company should establish and operate manufacturing units in specified areas. Therefore, in terms of Ind AS 20 – Accounting for Government Grants, these grants are classified as Grants related to assets of such manufacturing units. Accordingly, the Company presents the same in the balance sheet by setting up the grant as deferred income and is recognized in profit or loss as other income on a systematic basis over the useful lives of the related assets.

e) Useful lives of Property, Plant & Equipment (PPE) and intangible assets (other than goodwill)

The Company has adopted useful lives of PPE and intangible assets (other than goodwill) as described in Note 3.2 and 3.3 above. Depreciation and amortisation are based on management estimates of the future useful

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges. The Company reviews the estimated useful lives of PPE and intangible assets (other than goodwill) at the end of each reporting period.

f) Fair value measurements and valuation processes

Some of the Company's assets are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation technique that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values.

g) Defined employee benefit obligation

The cost of post-employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

h) Expected credit losses on financial assets

The impairment provisions of financial assets and contract assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

i) Recognition and measurement of provisions and contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances. In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Judgment is required to determine the probability of such potential liabilities actually crystallising. In case the probability is low, the same is treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

j) Income taxes

Provision for current tax is made based on reasonable estimate of taxable income computed as per the prevailing tax laws. The amount of such provision is based on various factors including interpretation of tax regulations, changes in tax laws, acceptance of tax positions in the tax assessments etc.

k) Classification of investment

Company has contributed more than 20% equity shares in two Special Purpose Vehicle (SPV) in order to qualify for purchase of captive power. As per the shareholders' agreement, the Company does not have any right to appoint or nominate any director on the board of SPV and also does not have any right to participate in the financial and operating policy decisions of these SPVs. Hence the management has concluded that the said SPVs are not an associate of the Company.

l) Captive Power purchase arrangement not considered as lease

The Company has entered into long-term purchase contracts with some parties with a commitment to purchase contracted energy. On the basis of the analysis of the terms of the power purchase agreements, the management has concluded that the Company does not have rights to control the identified assets and hence it does not meet the definition of 'leases' as per Ind AS 116: Leases.

10,340,697 (March 31, 2024 - 10,340,697) Equity shares of ₹ 10 each	1034.07	1034.07
Total	1034.07	1034.07

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

18.1 Terms/rights attached to equity shares

The Company has only one class of equity shares having par value of ₹ 10 per share. Each shareholder is eligible for one vote per share held and entitled to receive dividend as declared from time to time. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive the remaining assets of the Company, in proportion of their shareholding.

During the year, the Company has paid final dividend of ₹ 10 per equity share for the year ended March 31, 2024 aggregating to ₹ 1034.07 lakhs.

In the preceding year, the Company had paid final dividend of ₹ 10 per equity share for the year ended March 31, 2023 aggregating to ₹ 1034.07 lakhs.

The Board of Directors at its meeting held on June 17, 2025 have recommended a payment of final dividend of ₹ 20 per equity share for the financial year ended March 31, 2025. The same amounts to ₹ 2068.14 lakhs. This is subject to approval at the ensuing Annual General Meeting of the Company and is not recognised as a liability.

18.2 Details of shares held by each shareholder holding more than 5% shares

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

19. Other equity

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Capital reserves	875.14	875.14
Capital redemption reserve	25.28	25.28
Securities premium	1323.02	1323.02
General reserve	510000.00	500000.00
Retained earnings	120636.04	43866.22
Total	632859.48	546089.66

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
19.1 Capital reserve		
Balance at beginning of the year	875.14	875.14
Balance at the end of the year	875.14	875.14
Capital reserve includes amalgamation reserve and was created on merger of 'Hydro Gas India Private Limited' with the Company in financial year 2002-03 and on bargain purchase in a business combination.		
19.2 Capital redemption reserve		
Balance at beginning of the year	25.28	25.28
Balance at the end of the year	25.28	25.28
Capital redemption reserve amounting to ₹ 0.50 lakhs was created on merger of 'Hydro Gas India Private Limited' with the Company in financial year 2002-03 and balance amount was created on buy back of equity shares during the financial year 2003-04 and 2005-06.		
19.3 Securities premium		
Balance at beginning of the year	1323.02	1323.02
Balance at the end of the year	1323.02	1323.02
Securities Premium represents premium on issue of shares. It is utilised in accordance with the provisions of the Companies Act, 2013.		
19.4 Debenture redemption reserve		
Balance at beginning of the year	-	17500.00
Less: Transfer to general reserve	-	(17500.00)
Balance at the end of the year	-	-
The Company had created Debenture redemption reserve (DRR) on its redeemable non-convertible debentures, as per the requirements of Companies (Share capital and Debentures) Rules, 2014 (as amended) which was transferred to General reserve on redemption of debentures in earlier year.		
19.5 General reserve		
Balance at beginning of the year	500000.00	430000.00
Add: Transfer from Debenture redemption reserve	-	17500.00
Add: Transfer from Retained earnings	10000.00	52500.00
Balance at the end of the year	510000.00	500000.00
General reserve is created from time to time by transfer of profit from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.		

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
19.6 Retained earnings		
Balance at beginning of the year	43866.22	21016.08
Profit for the year	88055.89	76543.82
Other comprehensive income for the year, net of income tax	(252.00)	(159.61)
Payment of dividend on equity shares	(1034.07)	(1034.07)
Amount transferred to General reserve	(10000.00)	(52500.00)
Balance at the end of the year	120636.04	43866.22
The amount that can be distributed by the Company as dividend to its equity shareholders is determined after considering the requirements of the Companies Act, 2013. Thus, the amounts reported above may not be distributable in entirety.		

20. Non-current borrowings

(₹ in Lakhs)

Sub-total (Current)	5537.53	5102.14
Total	7346.27	6691.86

Movement in Other Provisions:

- (a) In case of one of the customers, the Company was required to supply the specified quantity of gas in future, free of cost against the payments already made by the customer towards minimum off-take of gas. Accordingly, a provision towards estimated cost of supplies to be made in future was made in the books of accounts and shown as 'Other Provisions'.

(₹ in Lakhs)

	2024 - 2025	2023 - 2024
Opening Balance	71.97	91.41
Add: Additions during the year	-	19.82
Less: Reversed / adjusted during the year	(71.97)	(39.26)
Closing Balance (a)	-	71.97

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

- (b) Provision towards claim by a supplier on account of non-lifting of agreed quantities i.e. Minimum Take or Pay (MTOP) (claim is disputed by the Company before the High Court).

	(₹ in Lakhs)	
	2024 - 2025	2023 - 2024
Opening Balance	470.64	470.64
Closing Balance (b)	470.64	470.64

- (c) Provision towards Additional Surcharge (ASC) & Cross Subsidy Surcharge (CSS) etc.

In case of one of the units of the Company, where power was purchased under group captive power purchase agreement, the State Electricity Distribution Company had levied Additional Surcharge (ASC) & Cross Subsidy Surcharge (CSS) for the financial years 2016-17 & 2017-18. The same had been principally held in favour of the Company by the appellate authorities, subject to certain computations and verifications. The said matter is challenged before the Hon. Supreme Court by the State Electricity Distribution Company and has not reached finality and hence the provision is continued.

	(₹ in Lakhs)	
	2024 - 2025	2023 - 2024
Opening Balance	2044.58	2044.58
Closing Balance (c)	2044.58	2044.58

- (d) Provision towards demand on account of Power Tariff Revision

In case of one of the units of the Company, the power distribution company had raised demand of ₹ 1226.06 lakhs towards power charges arising out of retrospective tariff revision by the power distribution company as per the directions of the State Regulatory Commission. Out of which, the demand of ₹ 872.00 lakhs was provided in earlier year and balance of ₹ 354.06 lakhs was disclosed as Contingent Liability on the basis of the facts at that time. However, on the basis of the decision of Appellate Authority regarding stay matter in this connection in the current year, the Company has provided the balance demand of ₹ 354.06 lakhs in current year.

	(₹ in Lakhs)	
	2024 - 2025	2023 - 2024
Opening Balance	872.00	872.00

(*) Movement in deferred income arising from government grants

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024
Opening Balance	5658.62	4322.10
Add: Recognised during the year	5524.67	1923.11
Less: Transferred to other income	1076.11	586.59
Closing Balance	10107.18	5658.62

The Company has received government grants in the nature of Capital/Investment Subsidy, power tariff incentive and exemption from electricity duty in certain units.

The capital/investment subsidy is initially recognised as deferred revenue in the balance sheet and subsequently transferred to profit or loss as other income on a systematic and rational basis over the useful lives of the related assets. The movement in deferred income arising from government grants is disclosed above.

Power tariff incentive pertaining to current year ₹ 3274.48 lakhs is reduced from power cost in Statement of Profit and Loss. Power tariff incentive sanctioned during the current year but pertaining to earlier year amounting to ₹ 2022.42 lakhs is included in Miscellaneous income under Note 30.

Power cost in Statement of Profit and Loss is net of electricity duty exemption, wherever applicable.

26. Current borrowings

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024

29. Revenue from operations

	(₹ in Lakhs)	
Particulars	2024 - 2025	2023 - 2024
Sale of products		
Finished goods	206100.76	189809.47
Traded goods	20406.28	18795.29
	226507.04	208604.76
Other operating revenue		
Lease rent	27091.90	26639.94
Operation and maintenance charges	21003.65	20147.21
Charges for delayed return, repairs & testing of cylinders etc.	1644.30	1470.72
Other operating receipts	2604.49	2045.73
Scrap sales	126.66	85.17
	52471.00	50388.77
Total	278978.04	258993.53

Disclosures required by Ind AS 115: Revenue from contracts with customers

(i) Disaggregated revenue information of revenue from contracts with customers:

	(₹ in Lakhs)	
Particulars	2024 - 2025	2023 - 2024
- Sale of products		
Oxygen/Medical oxygen	107641.78	95554.63
Nitrogen	63922.95	57837.71
Argon	22124.80	21589.36
Others	32817.51	33623.06
	226507.04	208604.76
- Other operating revenue		
Operation and maintenance charges	21003.65	20147.21
Charges for delayed return, repairs & testing of cylinders etc.	1644.30	1470.72
Other operating receipts	2604.49	2045.73
Scrap sales	126.66	85.17
	25379.10	23748.83
Total Revenue from contracts with customers	251886.14	232353.59

- (ii) Reconciliation of Revenue from sale of products with the contracted price
There is no material variation in contracted transaction price and revenue recognised in Statement of Profit and Loss on account of discounts, rebates, refund, credits, price concession, incentive, performances etc.
- (iii) In respect of plants given on operating lease having composite arrangement and the contract with customers for job-work and facility charges in respect of certain onsite gas supply contracts classified as lease, the amount attributed to lease income in all such contracts is segregated in accordance with Ind AS 116 and Ind AS 115 and presented as 'Lease rent' and the balance amount is included in 'Operations and maintenance charges' and revenue from sale of products, as appropriate viz. revenue from contract with customers. These contracts are negotiated as a package deal with a single commercial objective. However, the invoicing in respect of such arrangements is done as per contractual terms i.e. job-work, facility charges etc.
- (iv) Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revalidations of the estimates, economic factors etc. The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is ₹ 415133.75 lakhs (Previous year ₹ 208187.11 lakhs) out of which about 11% (Previous year 15%) is expected to be recognised as revenue in the next year and the balance thereafter.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

(v) Contract balances

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024

39. Contingent liabilities

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
A) Claims against the Company not acknowledged as debts (see footnote 1)	1315.59	678.54
B) Other contingent liabilities		
(i) Relating to property, plant and equipment		
Entry Tax (see footnote 3)	14.68	14.68
Total	14.68	14.68
(ii) Others		
Excise Duty and Service Tax (see footnote 2)	1884.98	3475.70
Sales Tax (see footnote 3)	55.93	55.93
Income Tax (see footnote 4)	242.39	1393.76
Goods and Service Tax (GST) (see footnote 5)	266.33	145.37
Total	2449.63	5070.76

Notes:

- Claims against the Company not acknowledged as debt ₹1315.59 lakhs (March 31, 2024 - ₹ 678.54 lakhs) includes:
 - One party had raised demand of ₹270.00 lakhs (March 31, 2024 - ₹ 270.00 lakhs) towards GST on transaction related to transfer of leasehold rights in land in favour of the Company (having impact on ROU).
 - Demand of ₹ Nil (March 31, 2024 - ₹ 354.06 lakhs) towards additional tariff revision by a power distribution company for earlier years. The said demand has been provided during the year.
 - One party has claimed ₹ 991.10 lakhs (March 31, 2024 - Nil) towards pre-commissioning power cost. The Company has disputed the claim since the same is not as per the terms of agreement (having impact on PPE).
- Excise duty and Service tax demands – ₹ 1884.98 lakhs (March 31, 2024 - ₹ 3475.70 lakhs) including demands relating to PPE:
 Amount of ₹ 1884.98 lakhs (March 31, 2024 - ₹ 3475.70 lakhs) for which the Company has received various demands including show cause notices regarding various issues on account of excise duty and service tax. In cases of confirmed demand orders the Company has filed the appeals at appropriate levels and in case of show cause notices the Company has filed the replies.
 The above excise and services tax demands includes ₹ 1049.14 lakhs (March 31, 2024 - ₹ 1264.13 lakhs) in respect of matters where the Company has already received a decision in appellate proceedings in its favour on similar issue.
 Amount paid against above liabilities and carried under 'Security deposits' under Non-current assets - ₹ 104.44 lakhs (March 31, 2024 - ₹ 139.51 lakhs).
- Sales tax and entry tax demands – ₹ 70.61 lakhs (March 31, 2024 - ₹ 70.61 lakhs) includes:
 Amount of ₹ 70.61 lakhs (March 31, 2024 - ₹ 70.61 lakhs) for which the Company has received demand orders on various issues. The Company have filed the appeals at appropriate levels and matters are pending.
 Amount paid against above liabilities and carried under 'Security deposits' under Non-current assets - ₹ 25.22 lakhs (March 31, 2024 - ₹ 25.22 lakhs).
- Income tax demands - ₹ 242.39 lakhs (March 31, 2024 - ₹ 1393.76 lakhs):
 The Company has received assessment orders for Assessment Year ("A.Y.") 2020-21 and 2022-23 wherein the assessing officer has raised demands by treating the capital subsidy/industrial promotion subsidy as revenue receipt and disallowance of certain deductions claimed under Chapter VIA of the Income-tax Act. The Company has preferred appeals before CIT(A) in respect of these two years and are pending adjudication.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

The issue of treating capital subsidy/industrial promotion subsidy as revenue receipt was also raised in the assessment orders for A.Y. 2015-16 to 2017-18. The Company has now received favourable orders from CIT(A) for these three years wherein such capital subsidy/industrial promotion subsidy is held as capital receipt.

In the appellate orders of ITAT for the A.Y. 2013-14 and A.Y. 2014-15, such subsidies are held as capital receipt.

The amounts paid/refund adjusted against the above demands is ₹ 202.37 lakhs (March 31, 2024 ₹ 722.75 lakhs).

5. GST demands - ₹ 266.33 lakhs (March 31, 2024 - ₹ 145.37 lakhs) :

Amount of ₹ 266.33 lakhs (March 31, 2024 - ₹ 145.37 lakhs) for which the Company has received demand orders on various issues. Amount paid against above liabilities and carried under 'Security deposits' under Non-current assets - ₹ 13.22 lakhs (March 31, 2024 - ₹ 13.22 lakhs). The Company has disputed the said demand and has filed / in the process of filing appeals at appropriate levels.

In respect of above matters, no provision is considered necessary as the Company expects favourable outcome. Further, it is not possible for the Company to estimate the timing and amount of the further cash outflow, if any, in respect of these matters.

40. Payments to Auditors

(₹ in Lakhs)		
Particulars	2024 - 2025	2023 - 2024
Statutory audit fees	30.00	30.00
Tax audit fees	15.00	15.00
Taxation matters fees	5.45	5.20
Certification fees	1.00	2.00
Total	51.45	52.20

(Above amounts are exclusive of GST)

41. Leases

[A] Company as a lessor

Assets given on operating lease comprise of Air Separation Plants and equipments installed at the customers' premises. The lease tenure is ranging from ten years to twenty years, which can be further extended as mutually agreed in some cases. The non-cancellable initial lease tenure is ranging from a period of ten years to twenty years. The lease agreements broadly provide for minimum lease rent in case of non-operation of the leased assets by the lessee during the initial non-cancellable tenure. The Company purchases, on exclusive basis, surplus liquid gases wherever produced, from the lessee at an agreed price under a separate contract. Also see Note 29(iii).

The Company manages the risk associated with the rights it retains in the underlying assets by way of its legal and contractual right to repossess the underlying assets at the end of the lease term or in case of continuing default in payment of dues by the other party. In such cases, the underlying assets can be put to alternative use by the Company, particularly in view of the remaining economic life of the asset. Further, the underlying assets are leased with monthly charges which generally do not include any variable lease payments that depend on an index or rate.

Particulars of assets given on operating lease:		(₹ in Lakhs)
Particulars	As at March 31, 2025	As at March 31, 2024
a) Gross carrying amount of assets given on operating lease	263930.85	213853.17
b) Accumulated depreciation as at the end of the year	74749.40	65058.08
c) Depreciation for the year	9693.23	9205.18
d) Future minimum lease payments :		
i) not later than one year	31451.47	26711.07
ii) later than one year and not later than five years	120681.14	100863.35
iii) later than five years	166663.58	134491.95

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

[B] Company as a lessee

(a) The Company's significant leasing arrangements are in respect of leasehold lands. The Company has also taken certain commercial premises on lease.

(b) Particulars of right-to-use assets and lease liabilities

Particulars	As at March 31, 2025	As at March 31, 2024
Interest on lease liabilities	66.77	41.89
Included in rent expenses: Expense relating to short-term leases	521.42	247.76

v. Amounts recognised in the statement of cash flows

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Total cash outflow for leases	92.62	82.34

42. Segment information

Information reported to the Chief Operating Decision Maker (CODM) for the purpose of resource allocation and assessment of segment performance focuses on single business segment of manufacture, trading and supply of industrial, medical gases and other gases, either through sale of products or manufacture and supply of gas on job work basis or providing facilities at customer location or giving plant on operating lease generally with a right to operate and maintenance of such plants. Hence the Company has only one operating segment.

Further, the Company caters mainly to the Indian market and the export turnover is less than 1% of the Revenue from Operations of the Company. All the operating facilities of the Company are located in India.

a) Details of sale of major products and other operating revenue are as under :

(₹ in Lakhs)

	2024 - 2025	2023 - 2024
Sale of products		
i. Finished goods		
Oxygen/Medical oxygen	102829.23	90300.74

viii. Term Loan 8	33056.00	34999.59
Total	166730.51	144847.01

Securities and Terms of repayment etc. for Rupee Term loans from Banks

i. Term Loan 1

Secured by way of first and exclusive charge on movable fixed assets of the Company's units located at Vile Bhagad, Wardha, Mangaon (POSCO), Hospet (SLRM), Hazira 885 TPD (AMNS), Salem (SSP), Jhagadia (UPL). The loan is repayable in 17 equal instalments on quarterly basis starting from March 31, 2022 and carries interest @ 5.95% per annum.

ii. Term Loan 2

The loan is repayable in 22 instalments on quarterly basis starting from December 2026 and carries interest at Repo Rate plus 170 basis points (present rate of interest @ 7.95% p.a.). Secured by way of exclusive charge on movable fixed assets of the Company's units located at Bokaro 2150 TPD plant at Bokaro Steel City.

iii. Term Loan 3

The loan was repayable in 9 equal instalments on quarterly basis starting from the end of 12th month of the first disbursement (i.e. from April 28, 2022) and carried interest @ 5.25% p.a. linked to 1 month repo with floor rate of 4.75% p.a. & cap rate 5.75% p.a. If repo rate is 5.75% and above, then applicable rate would be repo rate plus 0.25%. The loan is fully repaid during the current year.

iv. Term Loan 4

The loan is repayable in 13 equal instalments on quarterly basis starting from the end of 12th month of the first disbursement (i.e. from April 28, 2022) and carries fixed interest rate @ 5.75% p.a.

v. Term Loan 5

"The loan is repayable in 12 equal instalments on quarterly basis starting from August 2024 and carries annual interest rate @ 3 Months' Treasury bill plus margin spread of 0.82% and secured by way of first and exclusive charge on movable fixed assets of the Company's units situated at Karjan, Palakkad, Sriperumbandur and Chakan.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

vi. Term Loan 6

The loan is repayable in 12 equal instalments on quarterly basis starting from August 2024 and carries annual interest rate @ 3 Months' Treasury bill plus margin spread of 0.75%.

vii. Term Loan 7

The loan is repayable in 20 equal instalments on quarterly basis starting from September 2024 and carries annual interest rate @ 1 Months' Treasury bill plus margin spread of 1%.

viii. Term Loan 8

The loan is repayable in 18 equal instalments on quarterly basis starting from March 2025 and carries annual interest rate @ REPO rate plus margin spread of 1.10% and secured by way of first and exclusive charge on movable fixed assets of the Company's plants at Hosur, Barjora (both plants), Raebareli and Modi Nagar.

Security for Term Loan 3, 4, 6 & 7:

Secured by way of first and exclusive charge on movable fixed assets of the Company's units situated at Simej, Narmadapuram, Aurangabad, Bhiwadi, 700 TPD Plant in the premises of Arcellor Mittal Nippon Steel India at Hazira and Air Separation Plant in the premises of Jindal Steel at Angul.

2. Unsecured loans:

The loan from a related party Prodair Corporation, USA is payable upon the liquidation, dissolution or winding up of the Company other than a bonafide solvent reconstruction or amalgamation of the Company and is interest free. Considering the uncertainty of the date of repayment, the same is carried at the amount actually received and payable.

44. Financial Instruments:

44.1 Capital Management

The Company manages its capital to ensure that entity will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt and total equity of the Company. The Company is not subject to any externally imposed capital requirement.

The Company's Board of Directors (BOD) reviews the capital structure of the entity. As part of this review, BOD considers the cost of capital and risk associated with each class of capital.

44.1.1 The gearing ratio at the end of the reporting period was as follows:

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Total debt	166730.51	144847.01
Less: Cash and bank balances	(86099.03)	(74867.75)
Net Debt	80631.48	69979.26
Total Equity	633893.55	547123.73
Net Debt to equity Ratio (in times)	0.13	0.13

Note:

Debt is defined as long term borrowing, short term borrowing, current maturities of long term borrowings and interest thereon and excludes loan from Prodair Corporation (see note 43(2)).

Cash and bank balances include cash and cash equivalents, other bank balances and excludes margin money deposit and balance in unclaimed dividend account.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

44.2 Categories of financial instruments

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Measured at fair value through profit or loss (FVTPL)		
(a) Mandatorily measured		
(i) Investment in mutual funds	133457.24	153202.75
(ii) Investment in preference shares	45.00	45.00
(b) Investment in equity instruments	4889.84	2511.55
Sub-total (a+b)	138392.08	155759.30
Measured at amortised cost		
(a) Investment in debentures	2751.61	2752.17
(b) Cash and bank balances	86100.48	74869.04
(c) Trade receivables	33489.79	26747.38
(d) Loans	182.48	166.25
(e) Other financial assets		
i. Deposits with financial institutions	9462.21	11112.07
ii. Others	13151.82	8995.28
Sub-total (a+b+c+d+e)	145138.39	124642.19
Total financial assets	283530.47	280401.49
Financial liabilities		
Measured at amortised cost		
(a) Borrowings	169433.51	147550.01
(b) Lease liabilities	930.08	716.89
(c) Trade payables	11085.96	10029.80
(d) Other financial liabilities	47125.39	31344.16
Total financial liabilities	228574.94	189640.86

The carrying amount reflected above represents the entity's maximum exposure to credit risk for such financial assets.

44.3 Financial risk management

The Company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations including acquisition of PPE. The Company's principal financial assets include loans, trade and other receivables, cash and cash equivalents, other bank balances and deposits with financial institutions. The Company also holds investments at FVTPL.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Senior management provides assurance to the Board of Directors that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company does not enter into any derivative instruments for trading or speculative purposes. The Board of Directors reviews and formulates policies for managing each of these risks.

44.4 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: foreign currency risk, interest rate risk and other price risk.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

a) Foreign Currency Risk Management

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The foreign currency denominated monetary assets of the Company are not significant. The foreign currency denominated monetary liabilities are generally settled within a short period and hence the foreign exchange fluctuation risk is minimal. Exchange rate exposures are managed within approved policy parameters, utilising forward foreign currency contracts, as and when necessary.

(i) The Foreign Currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follow:

(Amount in foreign currency)		
Particulars	As at March 31, 2025	As at March 31, 2024
Liabilities		
Other liabilities - trade and other payables		
USD	10984589	13614864
EURO	12469	33197
Assets		
Trade and other receivables		
USD	121525	48587

The carrying amount in INR of Foreign Currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024
Liabilities		
Other liabilities - trade and other payables		
USD	9468.72	11417.02
EURO	11.63	30.21
Assets		
Trade and other receivables		
USD	104.75	40.74

(ii) Foreign Currency Sensitivity Analysis:

The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to USD.

The following table details the Company's sensitivity to a 5% increase and decrease in rupees against the foreign currency. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes unhedged receivables and payables in currency other than the functional currency of the Company.

(₹ in Lakhs)		
Change in USD rate	Effect on profit or and total equity (net of tax)	
	As at March 31, 2025	As at March 31, 2024
Increase by 5%	(350.36)	(425.65)
Decrease by 5%	350.36	425.65

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

b) Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The term loans from banks have both fixed and floating interest rates. Cash credits are subject to variable rate of interest. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Financial assets i.e. deposits with financial institutions & bank deposits carry fixed rate of interest. Thus, the Company's exposure to the risk of changes in the interest rate is not significant.

Interest sensitivity: For floating rate borrowings, the analysis is prepared assuming the amount of the liability outstanding at the end of the year was outstanding for the whole year.

Particulars	Impact (net of tax)	
	As at 31 March, 2025	As at 31 March, 2024
Increase by 50 basis points	601.68	490.57
Decrease by 50 basis points	601.68	490.57

(₹ In Lakhs)

c) Other price risks

The Company is exposed to equity price risks arising from equity investments. Investments in equity/preference instruments in Joint Venture and other companies are held for strategic purposes rather than trading purposes. The Company does not actively trade in these investments. The Company's investment in mutual funds are in debt funds. Hence the Company's exposure to equity price risk is minimal.

44.5 Credit Risk Management

Credit risk refers to risk that a counterparty will default on its contractual obligations to pay resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, debentures, balances with banks/financial institutions, loans and other receivables.

Credit risk arising from balances with banks / financials institutions, investment in debentures is limited because the counterparties are reputed banks and recognised financial institutions with high credit ratings assigned by the various credit rating agencies. Further investments in mutual funds are in debt funds of reputed mutual fund houses.

a) Trade receivables

For trade receivables, the average credit period generally ranges from 30 to 45 days. Before accepting any new customer, the Company uses information available in public domain and industry sources to assess the potential customer's credit quality and defines credit limits for respective customer. Credit Limits attributed to customers are reviewed periodically.

Customers representing more than 5% of the total balance of trade receivables as at March 31, 2025 of ₹ 3765.13 lakhs (as at March 31, 2024 of ₹ 3854.12 lakhs) are due from one major customer (Previous year - two major customers) with whom the Company is having long term contracts.

The Company has used a practical expedient for computing the expected credit loss allowance for trade receivables based on provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on ageing of the days the receivables are due and the rates as given in provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)	
	As at March 31, 2025	As at March 31, 2024
Within the credit period	0.20%	0.20%
0-6 months	0.50%	0.50%
6 months to 1 years	1.00%	1.00%
> 1 years	2.00%	2.00%

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Movement in the expected credit loss allowance

(₹ in Lakhs)

Particulars	As at 31 March, 2024	As at 31 March, 2023
Balance at beginning of the year	79.06	70.12
Movement in expected credit loss allowance on trade receivables	15.72	8.94
Balance at the end of the year	94.78	79.06

b) Loans and other financial assets

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the loans given by the Company. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

The Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss under the head 'Other expenses/Other income'.

44.6 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk table

The following table detail the analysis of financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

(₹ in Lakhs)

	Less than 1 year	Between 1 to 5 years	Over 5 years	Total
As at March 31, 2025				
Financial Liabilities				
Borrowings	36694.54	111815.98	20922.99	169433.51
Other financial liabilities	46925.39	100.00	100.00	47125.39
Trade payables	11085.96	-	-	11085.96
	94705.89	111915.98	21022.99	227644.86
As at March 31, 2024				
Financial Liabilities				
Borrowings	24398.13	115221.78	7930.10	147550.01
Other financial liabilities	31144.15	100.00	100.00	31344.15
Trade payables	10029.80	-	-	10029.80
	65572.08	115321.78	8030.10	188923.96

The above liabilities will be met by the Company from internal accruals, realization of current and non-current financial assets (other than strategic investments). Further, the Company also has unutilised borrowing facilities.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

44.7 Fair Value Measurements

- a. The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value

Financial Assets	Fair Value as at		Fair Value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value
	As at March 31, 2025	As at March 31, 2024				
1. Investment in Mutual Funds (Note 8B)	133457.24	153202.75	Level 1	Quoted prices in an active market.	NA	NA
2. Investment in equity instruments of captive power generation companies (unquoted) - (Note 8B)						
a. Watsun Infrabuild Private Limited	-	169.02	Level 2	These investments are made in the power generation companies to become eligible as a captive power consumer. In such cases, the shareholders agreement provide that the shares will be transferred at a price not less than the amount invested by the Company.	NA	NA

e. Amplus IRU Private Limited	986.97	-				
f. Sunsure Solarpark Six Private Limited	332.50	-				
3. Investment in preference shares of Enviro Infrastructure Company Ltd. (unquoted) - (Note 8B)	45.00	45.00	Level 2	The fair valuation is derived from the issue documents where in the preference shares will be redeemed at the face value i.e. carrying amount of the investment.	NA	NA

During the period, there were no transfers between Level 1 and 2.

44.8 Fair Value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

45. Employee Benefits

(i) Defined Contribution Plans:

The Company contributes to the Government managed provident and pension fund for all qualifying employees.

Contribution to provident and pension fund of ₹ 1086.15 lakhs (March 31, 2024 - ₹ 947.25 lakhs) is recognised as an expense and included in "Contribution to provident and other funds" in statement of profit and loss and ₹ 41.70 lakhs (March 31, 2024 - ₹ 46.35 lakhs) included in pre-operative expenses.

(ii) Defined Benefit Plans:

a) The Company has a defined benefit gratuity plan (funded)

The Company has defined benefit gratuity plan for its employees. It is governed by the Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefits. The level of benefits provided depends on the member's length of service, grade and salary at retirement age. The Company has created a fund in the form of Gratuity Trust which is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets including investment of the funds in accordance with the norms prescribed by the Government of India.

Each year, the Board of Trustees and the Company review the level of funding in the gratuity plan. The plan assets have been invested in various Group Gratuity Schemes with Life Insurance Corporation of India.

b) Amendment to defined benefit gratuity plan

During the previous year, the Company had amended its defined benefit gratuity plan wherein employees of specified grades and having completed certain years of continuous services with the Company were eligible for additional gratuity benefits. The impact of this plan amendment had been recognised in statement of profit and loss as past service cost on plan amendment.

c) This plan typically exposes the Company to actuarial risks such as interest risk and salary risk.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, any variation in the expected rate of salary increase of the plan participants will change the plan liability.

d) The most recent actuarial valuation of the present value of the defined benefit obligation was carried out as at March 31, 2025 by Mr. G.N. Agarwal, Fellow of the Institute of the Actuaries of India. The present value of the defined benefit obligation, the related current service cost and past service cost, were measured using the projected unit credit method.

e) The principal assumptions used for the purposes of the actuarial valuations of gratuity are as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.73%	6.97%
Expected rate of salary increase	10.00%	10.00%
Employee Attrition Rate	1.00%	1.00%
Mortality rate	IALM (2012-14) Ult.	

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

f) Amount recognised in statement of profit and loss in respect of gratuity are as under.

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Service Cost		
Current service Cost	648.02	522.22
Past service cost on plan amendment (see note (b) above)	-	2038.28
Premium for group gratuity policy	26.55	23.79
Net interest expense	60.40	84.31
Components of defined benefit costs recognised in profit or loss	734.97	2668.60
Remeasurement on the net defined benefit liability		
Return on plan assets (excluding amount included in net interest expense)	(55.30)	(78.32)
Actuarial (gains) and loss arising from changes in financial assumptions	150.09	130.54
Actuarial (gains) and loss arising from experience adjustments	241.96	161.07
Components of defined benefit costs recognised in other comprehensive income	336.75	213.29
Total	1071.72	2881.89

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans are as follows:

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	8346.75	7174.64
Fair value of plan assets	6722.00	5671.61
Funded status	(1624.75)	(1503.03)
Net liability arising from defined benefit obligation disclosed in balance sheet	1624.75	1503.03

Movement in the defined benefit obligation in respect of gratuity:

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Opening defined benefit obligation	7174.64	6663.47
Current Service Cost	648.02	522.22
Interest cost	475.90	462.83
Past service cost on plan amendment (see note (b) above)	-	2038.28
Actuarial (gains) and loss arising from changes in financial assumptions	150.09	130.54
Actuarial (gains) and loss arising from experience adjustments	241.96	161.07
Benefits Paid	(343.86)	(2803.77)
Closing defined benefit obligation	8346.75	7174.64

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

Movement in the fair value of the plan assets are as follows:

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Opening fair value of plan assets	5671.61	6063.40
Interest Income	415.51	378.52
Return on Plan Assets (excluding amounts included in net interest expense)	55.30	78.32
Contribution from the Employer	923.44	778.21
Benefits Paid	(343.86)	(1626.84)
Closing fair value of plan assets	6722.00	5671.61

g) The fair value of the plan assets at the end of the reporting period for each category, is as follows:

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Cash and cash equivalents	6.13	7.11
Fund Balance with LIC of India in various Group Gratuity Schemes	6715.87	5664.50
Total	6722.00	5671.61

h) Sensitivity Analysis

Significant actuarial assumptions for the determination of defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Impact on Present Value of defined benefit obligation		
If Discount Rate increased by 1%	(594.12)	(516.74)
If Discount Rate decreased by 1%	682.91	593.88
If Salary Escalation Rate increased by 1%	650.76	567.25
If Salary Escalation Rate decreased by 1%	(578.98)	(504.60)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

i) The Company expects to contribute ₹ 700.00 lakhs to gratuity trust during the financial year 2025-2026. There is no compulsion on the Company to fully pre fund the liability of the plan.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

- j) The average duration of the defined benefit plan obligation at the end of the reporting period is 7.85 years.

- k) **Expected outflow in future years (as provided in actuarial report):**

(₹ in Lakhs)

Particulars	As at March 31, 2025
Expected outflow in 1st Year	848.38
Expected outflow in 2nd Year	1129.03
Expected outflow in 3rd Year	496.40
Expected outflow in 4th Year	394.67
Expected outflow in 5th Year	802.41
Expected outflow in 6th to 10th Year	2249.66

- l) There are no other post retirement benefits provided by the Company.

- iii) **Other short term and long term employment benefits:**

Annual leave & Short term leave

The liability towards compensated absences based on actuarial valuation carried out by using Projected unit method resulted in increase in liability by ₹ 245.41 lakhs for the year ended March 31, 2025 (March 31, 2024 - increase by ₹ 169.28 lakhs), which is included in the employee benefits in the statement of profit and loss.

The principal assumptions used for the purposes of the actuarial valuations of compensated absences are as follows:

Particulars	As at	
	March 31, 2025	March 31, 2024
Discount rate	6.55%	6.97%
Expected rate of salary increase	10.00%	10.00%
Employee Attrition Rate	1.00%	1.00%
Mortality rate	IALM (2012-14) Ult.

7. Nature of CSR activities under taken:	Promoting healthcare, Promoting education, Promoting research & development, Army welfare, Promoting Environmental Sustainability etc.	

49. Additional disclosures/regulatory information as required by Schedule III to the Companies Act, 2013

a) Details of benami property held

No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and the Rules made thereunder.

b) Relationship with Struck off Companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

c) Compliance with number of layers of companies

The Company does not have any subsidiaries and hence the provisions regarding compliance with the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with Companies (Restriction on number of Layers) Rules, 2017 are not applicable to the Company.

d) Compliance with approved Scheme(s) of Arrangements

There is no Scheme of Arrangements that has been approved by the Competent Authority in terms of Sections 230 to 237 of the Companies Act, 2013.

e) Loans and advances granted to related party

The Company has not granted any loans or advances in the nature of loans to promoters, directors, KMPs and the related parties.

f) Undisclosed income

There is no income surrendered or disclosed as income during the current or preceding year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961), that has not been recorded in the books of account.

Notes to the Standalone Financial Statements

for the year ended March 31, 2025

g) Details of Crypto Currency or Virtual Currency

The Company has not traded or invested in crypto currency or virtual currency during the financial year.

h) Utilisation of Borrowed funds and share premium

The Company has not advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

The Company has not received any fund from any person(s) or entity(ies), including foreign entities ("Funding Party"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

i) In case of borrowings from banks

1) Utilisation of borrowed funds

At the balance sheet date, the Company has used the borrowings from banks for the specific purpose for which it was taken.

2) Security of current assets against borrowings

The Company does not have any borrowings from banks on the basis of security of current assets.

3) Wilful defaulter

The Company is not declared wilful defaulter by any bank or financial institution or other lender.

4) Registration of charges or satisfaction with Registrar of Companies

There are no charges or satisfaction of charges that are yet to be registered with Registrar of Companies beyond the statutory period.

j) The Company has not revalued its property, plant and equipment (including right-of-use assets) and intangible assets.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **INOX AIR PRODUCTS PRIVATE LIMITED** ("the Company") and its share of profits in its jointly controlled entity, which comprise the Consolidated Balance Sheet as at 31 March 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information ("the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at 31 March 2025, its consolidated profit, its total comprehensive income, its consolidated statement of changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Company and its jointly controlled entity in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India, and we have fulfilled our ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon ("Other Information")

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) prescribed under Section 133 of the Act.

The respective Board of Directors of the Company and its jointly controlled entity included in the consolidated financial statements are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and jointly controlled entity and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED (contd.)

In preparing the consolidated financial statements, the respective Board of Directors of the Company and its jointly controlled entity included in the consolidated financial statements are responsible for assessing the ability of the Company and jointly controlled entity to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and its jointly controlled entity included in the consolidated financial statements is responsible for overseeing the financial reporting process of each Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements is in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company and its jointly controlled entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its jointly controlled entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information or business activities of the Company and its jointly controlled entity to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the Company of which we are the independent auditors.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order" or "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO report issued by the auditors of the Company and jointly controlled entity included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said respective companies included in the consolidated financial statement.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED (contd.)

2. As required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to the preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books except for the matters stated in the paragraph (g)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors of the Company as on 31 March 2025 taken on record by the Board of Directors of the Company and its jointly controlled entity incorporated in India, none of the directors of the Company and its jointly controlled entity incorporated in India are disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Company and its jointly controlled entity;
 - ii. The Company and its jointly controlled entity did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the jointly controlled entity incorporated in India.
 - iv.
 - (a) The respective management of the Company and its jointly controlled entity which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company and its jointly controlled entity to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company and its jointly controlled entity ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective management of the Company and its jointly controlled entity which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, no funds have been received by the Company and its jointly controlled entity from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company and its jointly controlled entity shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditor of jointly controlled entity which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

Independent Auditor's Report

to the members of INOX AIR PRODUCTS PRIVATE LIMITED (contd.)

- v. a) The final dividend paid by the Company during the year, in respect of such dividend declared for the previous year, is in accordance with section 123 of the Act.
- b) The interim dividend declared and paid by the jointly controlled entity during the year is in accordance with section 123 of the Act Companies Act 2013 to the extent it applies to payment of dividend.
- c) As stated in note 18 to the consolidated financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting and the same is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.
- vi. Based on our examination, which included test checks, and that performed by the auditors of the joint venture which is a company incorporated in India whose financial statements have been audited under the Act, the Company and its joint venture have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software, except for the instances mentioned below. Further, during the course of our audit of the Company, we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

In respect of the joint venture company, the audit trail (edit log) facility was not operating for the period from 1st April 2024 to 29th May 2024, considering the nature and volume of transactions and the activities of the joint venture company during the year, the auditor of the joint venture company has not modified their opinion in respect of this matter.

Annexure

Annexure to Independent auditor's report to the members of INOX AIR PRODUCTS PRIVATE LIMITED on the consolidated financial statements for the year ended 31 March 2025 – referred to in paragraph (f) under the heading "Report on Other Legal and Regulatory Requirements" of our report of even date.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of **INOX AIR PRODUCTS PRIVATE LIMITED** (hereinafter referred to as "the Company") as of and for the year ended March 31 2025, we have audited the internal financial controls system with reference to financial statements of the Company and its and its jointly controlled entity incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its jointly controlled entity incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company and its jointly controlled entities' internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company and its jointly controlled entities' internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Annexure

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company and its jointly controlled entity, incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2025 based on the internal controls over financial reporting criteria established by the Company and its jointly controlled entity, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

1. Corporate Information

Inox Air Products Private Limited (the "Company") is a limited liability company, incorporated and domiciled in India. These Consolidated Financial Statements ("these CFS") relate to the Company and its jointly controlled entity. The Company is engaged in manufacture and supply of industrial, medical and other gases, including on job-work basis, and trading in such gases. The Company has also given plants on operating lease and earns lease rentals and operations and maintenance charges. The Company mainly caters to the domestic market.

The Company's registered office is located at A-2, TTC Industrial Area, Off Thane Belapur Road, Pawane, Navi Mumbai – 400 710, India. The CIN of the Company is U24999MH1963PTC012625.

2. Statement of compliance and basis of preparation and presentation

2.1 Statement of Compliance

These CFS comply in all material aspects with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Companies Act, 2013 ("the Act"), read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time, relevant provisions of the Act and other accounting principles generally accepted in India. Accounting policies have been consistently applied except where a newly issued accounting standard initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use (see Note 2.3).

These CFS for the year ended March 31, 2025 are approved for issue by the Board of Directors at its meeting held on June 17, 2025.

2.2 Basis of preparation, presentation and measurement

These CFS are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to two decimal places to the nearest lakhs, unless otherwise indicated.

These CFS have been prepared on an accrual basis and under the historical cost convention except for certain financial instruments that are measured at fair values at the end of each reporting period.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

Any asset or liability is classified as current if it satisfies any of the following conditions:

- the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- the asset is intended for sale or consumption;
- the asset/liability is held primarily for the purpose of trading;
- the asset/liability is expected to be realized/settled within twelve months after the reporting period;
- the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of products and services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

2.3 Recent accounting pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards.

a. Following changes are effective for accounting periods beginning on or after 1 April 2024 vide notification dated 9 September 2024 and 28 September 2024 issued by MCA:

- New accounting standard Ind AS 117: Insurance contracts
- Amendments to Ind AS 116: Leases – relating to sale and leaseback transactions

The above amendments did not have any impact on the consolidated financial statements.

b. Following changes are effective for accounting periods beginning on or after 1 April 2025 vide notification dated 7 May 2025 issued by MCA:

- Amendments to Ind AS 21: The Effects of Changes in Foreign Exchange Rates - These amendments provide guidance regarding estimating the spot exchange rate when the currency is not exchangeable and relevant disclosures.

The above amendments will not have any significant impact on the consolidated financial statements of the Company.

3. Material Accounting Policies:

3.1 Basis of consolidation

These CFS incorporate the financial statements of the Company and its jointly controlled entity.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of joint ventures are incorporated in these CFS using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Company's share of the profit or loss and other comprehensive income of the joint venture. Distributions received from a joint venture reduce the carrying amount of the investment. When the Company's share of losses of a joint venture exceeds the Company's interest in that joint venture (which includes any long-term interests that, in substance, form part of the Company's net investment in the joint venture), the Company discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Company has incurred legal or constructive obligations or made payments on behalf of the joint venture.

An investment in a joint venture is accounted for using the equity method from the date on which the investee becomes a joint venture. On acquisition of the investment in a joint venture, any excess of the cost of the investment over the Company's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Company's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Company determines whether there is any objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in a joint venture and that event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Company's investment in a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Company discontinues the use of the equity method from the date when the investment ceases to be a joint venture, or when the investment is classified as held for sale. When the Company retains an interest in the former joint venture and the retained interest is a financial asset, the Company measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in joint venture is included in the determination of the gain or loss on disposal of the joint venture. In addition, the Company accounts for all amounts previously recognized in other comprehensive income in relation to that joint venture on the same basis as would be required if that joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognized in other comprehensive income by that joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Company reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

The Company continues to use the equity method when an investment in an associate becomes an investment in joint venture or an investment in joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Company reduces its ownership interest in a joint venture but the Company continues to use the equity method, the Company reclassifies to profit or loss the proportion of the gain or loss that had previously been recognized in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

When the Company transacts with a joint venture, unrealised gains and losses resulting from such transactions are eliminated to the extent of the interest in the joint venture.

3.2 Revenue

a) Revenue from contracts with customers

Revenue from contracts with customers is recognized when the Company satisfies the performance obligation by transfer of control of promised product or service to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services. Revenue excludes taxes and duties collected on behalf of the Government.

Revenue from sale of products:

Revenue from sale of products is recognized, at a point in time or over time, on satisfaction of performance obligation for the products sold, as under:

- i) Onsite customers: Revenue from sale to onsite customers is recognized when the control of the goods has been transferred to the customer and the performance obligation is satisfied over time since the supply is on continuous basis and the customer simultaneously receives and consumes the benefits of the performance as the Company performs. Output based measure of progress is used to recognize revenue over the period of time.
- ii) Others: Revenue is recognized when the control of the goods has been transferred to the customer and the performance obligation is satisfied at a point in time i.e. when the material is shipped to the customer or on delivery to the customer, as per the terms of the contract.

Other operating revenue:

In the case of revenue from operations and maintenance of plants, the performance obligation is satisfied over time as the services are rendered. Revenue is recognized over the period of contract, on time proportion basis. Other operating revenue is recognized over the period of contract or at a point in time, when it accrues in terms of the respective arrangements/contracts.

No element of financing is deemed present as the payment of transaction price is either made in advance / due immediately at the point of sale or the sales are made with a credit term of generally less than 45 days, which is consistent with the market practice. There are no contracts where the period between the transfer of

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

promised goods or services to the customers and payment by the customers exceed one year. Consequently, no adjustment is required to the transaction price for the time value of money.

Any consideration payable to the customer is adjusted to the transaction price, unless it is payment for a distinct product or service from the customer.

Contract balances:

The Company classifies the right to consideration in exchange for deliverables as trade receivable. A receivable is a right to consideration that is unconditional upon passage of time. A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract. Contract liabilities are presented as 'Advances from customers'.

b) Other income:

Dividend income from investments is recognised when the right to receive payment is established. Interest income from a financial asset is recognized on time basis, by reference to the principal outstanding at the effective interest rate applicable, which is the rate which exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Insurance claims are recognized to the extent there is a reasonable certainty of the realizability of the claim amount.

3.3 Property, Plant and Equipment

An item of Property, Plant and Equipment (PPE) that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, property, plant and equipment are carried at cost, as reduced by accumulated depreciation and impairment losses, if any. Cost comprises of purchase price / cost of construction, including non-refundable taxes or levies and any expenses attributable to bring the PPE to its working condition for its intended use. Project pre-operative expenses are capitalized to various eligible PPE in respective units. Borrowing costs directly attributable to acquisition or construction of qualifying PPE are capitalised.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

Spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Expenses those are capitalised are considered as pre-operative expenses and are disclosed under capital work-in-progress until the project is capitalised. Advances given towards acquisition of PPE outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation is recognised so as to write off the cost of PPE (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The useful lives prescribed in Schedule II to the Companies Act, 2013 are considered as the minimum lives. If the management's estimate of the useful life of property, plant and equipment at the time of acquisition of the asset or of the remaining useful life on a subsequent review is shorter than that envisaged in the aforesaid schedule, depreciation is provided at a higher rate based on the management's estimate of the useful life/remaining useful life. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

PPE are depreciated over its estimated useful lives, determined as under:

- Freehold land is not depreciated.
- Solar power plant is depreciated over 25 years based on the technical assessment of useful life and applicable warranty conditions.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

- On other items of PPE, on the basis of useful life as per Part C of Schedule II to the Companies Act, 2013 which is as follows-
 - Factory buildings – 30 years
 - Other buildings - 60 years
 - Plant and equipment being continuous process plants –25 years
 - Other plant and equipment – 15 years
 - Electrical installations- 10 years
 - Furniture and fixture- 10 years
 - Vehicles - 8 years
 - Office equipment- 5 Years
 - Computers – 3 years

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

For transition to Ind AS, the Company has elected to continue with the carrying value of all the property, plant and equipment recognised as of April 1, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.4 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

Intangible assets acquired in a business combination and recognized separately from goodwill are initially recognized at their fair value at the acquisition date (which is regarded as their cost). Subsequent to initial recognition, intangible assets acquired in a business combination are reported at cost less accumulated amortization and impairment losses, on the same basis as intangible assets as above.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

Estimated useful life of intangible asset is as follows:

- Software costs: amortized on a straight-line basis over a period of six years.
- Power generation license: amortized on a straight-line basis over a period of twenty-five years.

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of 1st April, 2015 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

3.5 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

3.6 Impairment of property, plant & equipment, intangible assets and investment in joint venture

At the end of each reporting period, the Company reviews the carrying amounts of its property, plant & equipment, intangible assets (other than goodwill) and investment in joint venture to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. If it is not possible to measure fair value less cost of disposal because there is no basis for making a reliable estimate of the price at which an orderly transaction to sell the asset would take place between market participants at the measurement dates under market conditions, the asset's value in use is used as recoverable amount.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

3.7 Leases

The Company assesses at contract inception whether a contract is, or contains, a lease viz. whether the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

a) The Company as lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease.

A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to the ownership of an underlying asset. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term or another systematic basis, as appropriate. If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract. The leasing transactions of the Company comprise of only operating leases.

b) The Company as lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, company's incremental borrowing rate.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

"Lease liability" and "Right of use" asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

Variable lease payments that are not included in the measurement of lease liabilities is charged as expense in the statement of profit and loss under the head 'Rent, lease rentals and hire charges'.

3.8 Inventories

Inventories are valued at lower of the cost and net realisable value. Cost is determined using weighted average cost basis. Net realisable value represents the estimated selling price for inventories in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Valuation of work-in-progress and finished goods includes proportionate production overheads.

3.9 Employee benefits

Short-term employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees and recognized as expenses in the Statement of profit and loss. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. These benefits include salary and wages, bonus, performance incentives, short-term compensated absences etc.

Long-term employee benefits:

The Company participates in various employee benefit plans. Post-employment benefits are classified as either defined contribution plans or defined benefit plans.

Defined contribution plans:

Retirement benefit in the form of provident and pension fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the fund. Payments to defined contribution plan are recognised as an expense when employees have rendered service entitling them to the contributions.

Defined benefit plans:

The Company's gratuity scheme is a defined benefit plan and is funded. For defined benefit plan, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset at the start of the reporting period, taking account of any change in the net defined benefit liability or asset during the year as a result of contributions and benefit payments. Defined benefit costs are categorised as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- remeasurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'.

In case of funded plans, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plans to recognise the obligation on a net basis.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

Other long-term employee benefits:

The employees of the Company are entitled to compensated absences. The employees can carry-forward a portion of the unutilised accumulating compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method.

3.10 Foreign currency transactions and translation

The transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, foreign currency monetary items are translated using the closing rates. Non-monetary items measured at historical cost in a foreign currency are translated using the exchange rate at the date of the transaction and are not translated. Non-monetary items measured at fair value that are denominated in foreign currency are translated using the exchange rates at the date when the fair value was measured. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

3.11 Government grants

Government grants are recognised when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with the grants.

Government grants, whose primary condition is that the Company should establish and operate manufacturing facilities in specified areas, are initially recognised as deferred revenue in the balance sheet and subsequently transferred to profit or loss as other income on a systematic and rational basis over the useful lives of the related assets. Grants that compensate the Company for expenses incurred are recognised in profit or loss, either as other income or deducted in reporting the related expense, as appropriate, on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate. Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in profit or loss in the period in which they become receivable.

3.12 Taxation

Income tax expense comprises of current tax and deferred tax. It is recognized in Statement of profit and loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

Current tax:

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Presentation of current and deferred tax:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

3.13 Provisions and contingencies

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. Contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognized in the financial statements. However, it is disclosed only when an inflow of economic benefits is probable.

3.14 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

A] Financial assets

a) Initial recognition and measurement:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognised at fair value, except for trade receivables which are initially measured at transaction price. In case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction costs are recognised in the statement of profit and loss. In other cases, the transaction costs are attributed to the acquisition value of the financial asset.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

b) Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in profit or loss and is included in the "Other income" line item.

c) Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Such financial assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is adjusted for loss allowance and impairment losses, if any.

ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investments in equity instruments, classified under financial assets, are initially measured at fair value. The Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument are recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI.

This category does not apply to any of the financial assets of the Company.

iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above.

This is a residual category applied to all other investments of the Company excluding investments in joint venture. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

d) Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period.

For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

e) Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability.

The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

f) Impairment of financial assets:

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss under the head 'Other expenses'/'Other income'.

B] Financial liabilities and equity instruments

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

i. Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

ii. Financial Liabilities

a) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

b) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

The Company has not designated any financial liability as at FVTPL.

c) Foreign exchange gains and losses:

For financial liabilities that are denominated in a foreign currency and are measured at amortised cost at the end of each reporting period, the foreign exchange gains and losses are determined based on the amortised cost of the instruments and are recognised in profit or loss.

The fair value of financial liabilities denominated in a foreign currency is determined in that foreign currency and translated at the closing rate at the end of the reporting period. For financial liabilities that are measured as at FVTPL, the foreign exchange component forms part of the fair value gains or losses and is recognised in profit or loss.

d) Derecognition of financial liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

3.15 Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

3.16 Earnings Per Share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

4. Critical accounting judgements, assumptions and use of estimates

The preparation of these CFS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision or future periods if the revision affects both current and future periods.

Following are the critical judgements, assumptions and use of estimates that have the most significant effects on the amounts recognized in these financial statements:

a) In respect of recognition of revenue from contract with customers

The Company exercises judgment in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer and acceptance of delivery by the customer etc.

The Company also exercises judgements and estimations to determine the cost and margin to arrive at an appropriate standalone transaction price for performance obligation particularly in respect of operation and maintenance charges out of the total consideration received by the Company.

In the case of contracts negotiated as a package as referred in (b) below, judgment is required in estimating transaction price in respect of performance obligations other than lease.

b) In respect of assets given on lease

The Company has established certain gas manufacturing units for supply of gases at customers' site and some of the arrangements do not take legal form of lease. The Company is required to assess whether a contract is, or contains, a lease.

As per Ind AS 116, in order to identify a lease, the Company is required to assess whether a contract conveys to the customer the right to control the use of an identified asset based on certain criterion. For this purpose, the Company has examined the various terms of the agreement, especially those relating to customer's right to direct the use of the identified assets, extent of economic benefits derived and other rights and obligations of both the parties to the arrangement. On the basis of analysis carried out, the Company has concluded that such arrangements contain a lease.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

Further, the leases are required to be classified as 'operating leases' or 'finance leases' on the basis of transfer of substantially all the risks and rewards incidental to ownership of an underlying asset. For this purpose, the Company has examined the various terms of the said agreements, especially those relating to the transfer of ownership, extension of the lease term, the responsibility of operation and maintenance and the risk associated with non-supply of gases etc. for their impact on the transfer of risks and rewards incidental to ownership of the plant and also the economic life of the underlying asset. On the basis of analysis carried out, the Company has concluded that all such arrangements are operating leases.

As required by Ind AS 116 and Ind AS 115, the amounts of lease income is separated from payments for other elements in the arrangement by using the estimation technique on the basis of rate of return over the estimated life of the underlying asset. Such determination requires significant judgment by the management.

c) Leasehold land

In respect of leasehold lands, considering the terms and conditions of the leases, particularly in respect of the transfer of substantially all risks and rewards incidental to ownership of an asset, it is concluded that they are in the nature of leases.

d) In respect of Government Grants

Some of the Company's manufacturing units are entitled to capital investment subsidy/investment promotion subsidy in terms of the schemes notified by the respective State Governments, whose primary condition is that the Company should establish and operate manufacturing units in specified areas. Therefore, in terms of Ind AS 20 – Accounting for Government Grants, these grants are classified as Grants related to assets of such manufacturing units. Accordingly, the Company presents the same in the balance sheet by setting up the grant as deferred income and is recognized in profit or loss as other income on a systematic basis over the useful lives of the related assets.

e) Useful lives of Property, Plant and Equipment (PPE) and intangible assets (other than goodwill):

The Company has adopted useful lives of PPE and intangible assets (other than goodwill) as described in Note 3.3 and 3.4 above. Depreciation and amortisation are based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges. The Company reviews the estimated useful lives of PPE and intangible assets (other than goodwill) at the end of each reporting period.

f) Fair value measurements and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation technique that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values.

g) Defined employee benefit obligation:

The cost of post-employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed annually.

h) Expected credit losses on financial assets

The impairment provisions of financial assets and contract assets are based on assumptions about risk of default and expected timing of collection. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history of collections, customer's creditworthiness, existing market conditions as well as forward looking estimates at the end of each reporting period.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

i) Recognition and measurement of provisions and contingencies

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances. In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Judgment is required to determine the probability of such potential liabilities actually crystallizing. In case the probability is low, the same is treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements.

j) Income taxes

Provision for current tax is made based on reasonable estimate of taxable income computed as per the prevailing tax laws. The amount of such provision is based on various factors including interpretation of tax regulations, changes in tax laws, acceptance of tax positions in the tax assessments etc.

k) Classification of investment

Company has contributed more than 20% equity shares in two Special Purpose Vehicle (SPV) in order to qualify for purchase of captive power. As per the shareholders' agreement, the Company does not have any right to appoint or nominate any director on the board of SPV and also does not have any right to participate in the financial and operating policy decisions of these SPV's. Hence the management has concluded that the said SPV's are not an associate of the Company.

l) Captive Power purchase arrangement not considered as lease

The Company has entered into long-term purchase contracts with some parties with a commitment to purchase contracted energy. On the basis of the analysis of the terms of the power purchase agreements, the management has concluded that the Company does not have rights to control the identified assets and hence it does not meet the definition of 'leases' as per Ind AS 116: Leases.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

5. Property, plant and equipment (PPE)

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Carrying amounts of:		
Freehold Land	1615.62	1615.62
Buildings	32780.50	24703.60
Plant and equipment	276317.93	198465.86
Plant and equipment given on operating lease	189181.45	148795.09

8A. Investment accounted for using the equity method

Investment in Joint Venture

Details and financial information of Joint Venture:

Details of the Joint Venture at the end of the reporting period are as follows:

(₹ in Lakhs)

Name of Joint Venture	Proportion of ownership interest and voting rights held by the Company	
	As at March 31, 2025	As at March 31, 2024
Bellary Oxygen Company Private Limited (BELLOXY)	50%	50%

BELLOXY is incorporated in India and was engaged in the manufacture and supply of industrial and medical gases.

The above Joint Venture is accounted for using the equity method in these consolidated financial statements.

BELLOXY was set up as Special purpose vehicle (SPV) to supply gas to one of the main customer under long term supply agreement. The agreement with the said customer expired in the month of November 2021. The customer had shown its unwillingness for renewal of the agreement, as a result of which BELLOXY entered into an asset sale agreement to realise value of its Building, Plant and Machinery and other related assets through sale transaction with the said customer in earlier year. BELLOXY does not have any further business operations or other business plans and hence, financial statements of BELLOXY have not been prepared on a going concern basis. Accordingly, its assets are stated at their expected realisable values and liabilities at their expected settlement values, as estimated by the management.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

Summarised financial information in respect of the Company's Joint Venture is set out below. The summarised financial information below represents amounts shown in the Joint Venture's audited financial statements for the current year prepared in accordance with the Ind AS, adjusted by the Company for equity accounting purposes.

Particulars	(₹ in Lakhs)	
	As at March 31, 2025 (Audited)	As at March 31, 2024 (Audited)
Non current assets	11.03	40.27
Current assets	3434.79	3335.07
Non current liabilities	-	-
Current liabilities	3.70	10.32
The above amounts of assets and liabilities include the following:		
Cash and cash equivalents	246.22	211.46
Non current financial liabilities (excluding trade payables)	-	-

1,500,000 (March 31, 2024 - 1,500,000) Redeemable cumulative preference shares of ₹ 100 each	1500.00	1500.00
Total	4600.00	4600.00
Issued, Subscribed and fully paid up capital		
10,340,697 (March 31, 2024 - 10,340,697) Equity shares of ₹ 10 each	1034.07	1034.07
Total	1034.07	1034.07

18.1 Terms/rights attached to equity shares

The Company has only one class of equity shares having par value of ₹ 10 per share. Each shareholder is eligible for one vote per share held and entitled to receive dividend as declared from time to time. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive the remaining assets of the Company, in proportion of their shareholding.

During the year, the Company has paid final dividend of ₹ 10 per equity share for the year ended March 31, 2024 aggregating to ₹ 1034.07 lakhs.

In the preceding year, the Company had paid final dividend of ₹ 10 per equity share for the year ended March 31, 2023 aggregating to ₹ 1034.07 lakhs.

The Board of Directors at its meeting held on June 17, 2025 have recommended a payment of final dividend of ₹ 20 per equity share for the financial year ended March 31, 2025. The same amounts to ₹ 2068.14 lakhs. This is subject to approval at the ensuing Annual General Meeting of the Company and is not recognised as a liability.

Notes to the Consolidated Financial Statements

Capital redemption reserve	25.28	25.28
Securities premium	1323.02	1323.02
General reserve	510000.00	500000.00
Retained earnings	120857.10	44048.73
Total	633080.54	546272.17

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
19.1 Capital reserve		
Balance at beginning of the year	875.14	875.14
Balance at the end of the year	875.14	875.14
Capital reserve includes amalgamation reserve and was created on merger of 'Hydro Gas India Private Limited' with the Company in financial year 2002-03 and on bargain purchase in a business combination.		
19.2 Capital redemption reserve		
Balance at beginning of the year	25.28	25.28
Balance at the end of the year	25.28	25.28
Capital redemption reserve amounting to ₹ 0.50 lakhs was created on merger of 'Hydro Gas India Private Limited' with the Company in financial year 2002-03 and balance amount was created on buy back of equity shares during the financial year 2003-04 and 2005-06.		
19.3 Securities premium		
Balance at beginning of the year	1323.02	1323.02
Balance at the end of the year	1323.02	1323.02
Securities Premium represents premium on issue of shares. It is utilised in accordance with the provisions of the Companies Act, 2013.		
19.4 Debenture redemption reserve		
Balance at beginning of the year	-	17500.00
Less: Transfer to general reserve	-	(17500.00)
Balance at the end of the year	-	-
The Company had created Debenture redemption reserve (DRR) on its redeemable non convertible debentures, as per the requirements of Companies (Share capital and Debentures) Rules, 2014 (as amended) which was transferred to General reserve on redemption of debentures in earlier year.		
19.5 General reserve		
Balance at beginning of the year	500000.00	430000.00
Add: Transfer from Debenture redemption reserve	-	17500.00
Add: Transfer from Retained earnings	10000.00	52500.00
Balance at the end of the year	510000.00	500000.00
General reserve is created from time to time by transfer of profit from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit or loss.		
19.6 Retained earnings		
Balance at beginning of the year	44048.73	21173.77
Profit for the year	88094.44	76568.64
Other comprehensive income for the year, net of income tax	(252.00)	(159.61)
Payment of dividend on equity shares	(1034.07)	(1034.07)
Amount transferred to General reserve	(10000.00)	(52500.00)
Balance at the end of the year	120857.10	44048.73
The amount that can be distributed by the Company as dividend to its equity shareholders is determined after considering the requirements of the Companies Act, 2013. Thus, the amounts reported above may not be distributable in entirety.		

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

20. Non current borrowings

23. Provisions

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024
Non current		
Provision for employee benefits (see Note 45)		
- Compensated absences	1808.74	1589.72
Sub-total (Non current)	1808.74	1589.72
Current		
a. Provision for employee benefits (see Note 45)		
- Gratuity	1624.75	1503.03
- Compensated absences	171.50	139.92
b. Other provisions (see Note below)	3741.28	3459.19
Sub-total (Current)	5537.53	5102.14
Total	7346.27	6691.86

Movement in Other Provisions:

- (a) In case of one of the customers, the Company was required to supply the specified quantity of gas in future, free of cost against the payments already made by the customer towards minimum off-take of gas. Accordingly, a provision towards estimated cost of supplies to be made in future was made in the books of accounts and shown as 'Other Provisions'.

(₹ in Lakhs)		
	2024 - 2025	2023 - 2024
Opening Balance	71.97	91.41
Add: Additions during the year	-	19.82
Less: Reversed / adjusted during the year	(71.97)	(39.26)
Closing Balance (a)	-	71.97

- (b) Provision towards claim by a supplier on account of non-lifting of agreed quantities i.e. Minimum Take or Pay (MTO) (claim is disputed by the Company before the High Court).

(₹ in Lakhs)		
	2024 - 2025	2023 - 2024
Opening Balance	470.64	470.64
Closing Balance (b)	470.64	470.64

- (c) Provision towards Additional Surcharge (ASC) & Cross Subsidy Surcharge (CSS) etc.

In case of one of the units of the Company, where power was purchased under group captive power purchase agreement, the State Electricity Distribution Company had levied Additional Surcharge (ASC) & Cross Subsidy Surcharge (CSS) for the financial years 2016-17 & 2017-18. The same had been principally held in favour of the Company by the appellate authorities, subject to certain computations and verifications. The said matter is challenged before the Hon. Supreme Court by the State Electricity Distribution Company and has not reached finality and hence the provision is continued.

(₹ in Lakhs)		
	2024 - 2025	2023 - 2024
Opening Balance	2044.58	2044.58
Closing Balance (c)	2044.58	2044.58

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

(d) Provision towards demand on account of Power Tariff Revision

In case of one of the units of the Company, the power distribution company had raised demand of ₹1226.06 lakhs towards power charges arising out of retrospective tariff revision by the power distribution company as per the directions of the State Regulatory Commission. Out of which, the demand of ₹ 872.00 lakhs was provided in earlier year and balance of ₹ 354.06 lakhs was disclosed as Contingent Liability on the basis of the facts at that time. However on the basis of the decision of Appellate Authority regarding stay matter in this connection in the current year, the Company has provided the balance demand of ₹ 354.06 lakhs in current year.

	(₹ in Lakhs)

The Company can claim deduction in respect of dividend received from its joint venture, provided that the Company pays dividend to its shareholders to that extent. The Company expects that it will continue to pay dividend to its shareholders and the amount of such dividend will be sufficient to claim the said deduction in its entirety. Accordingly, no deferred tax liability has been recognised in respect of temporary differences associated with the investment in joint venture (on account of undistributed earnings) amounting to ₹ 221.06 lakhs (March 31, 2024 ₹ 182.51 lakhs).

(*) Movement in deferred income arising from government grants

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Opening Balance	5658.62	4322.10
Add: Recognised during the year	5524.67	1923.11
Less: Transferred to other income	1076.11	586.59
Closing Balance	10107.18	5658.62

The Company has received government grants in the nature of Capital/Investment Subsidy, power tariff incentive and exemption from electricity duty in certain units.

The capital/investment subsidy is initially recognised as deferred revenue in the balance sheet and subsequently transferred to profit or loss as other income on a systematic and rational basis over the useful lives of the related assets. The movement in deferred income arising from government grants is disclosed above.

Power tariff incentive pertaining to current year ₹ 3274.48 lakhs is reduced from power cost in Statement of Profit and Loss. Power tariff incentive sanctioned during the current year but pertaining to earlier year amounting to ₹ 2022.42 lakhs is included in Miscellaneous income under note 30.

Power cost in Statement of Profit and Loss is net of electricity duty exemption, wherever applicable.

26. Current borrowings

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Secured Loan		
Current maturities of long term borrowings (from Note 20)	36694.53	28564.80
Total	36694.53	28564.80

- There is no default in repayment of principal and payment of interest on borrowings.
- See Note 47(i) for additional disclosures/regulatory information in respect of borrowings from banks, as required by Schedule III to the Companies Act, 2013.

27. Trade Payables

for the year ended March 31, 2025

Disclosures required by Ind AS 115: Revenue from contracts with customers

(i) Disaggregated revenue information of revenue from contracts with customers:

	(₹ in Lakhs)	
Particulars	2024 - 2025	2023 - 2024
- Sale of products		
Oxygen/Medical oxygen	107641.78	95554.63
Nitrogen	63922.95	57837.71
Argon	22124.80	21589.36
Others	32817.51	33623.06
	226507.04	208604.76
- Other operating revenue		
Operation and maintenance charges	21003.65	20147.21
Charges for delayed return, repairs & testing of cylinders etc.	1644.30	1470.72
Other operating receipts	2604.49	2045.73
Scrap sales	126.66	85.17
	25379.10	23748.83
Total Revenue from contracts with customers	251886.14	232353.59

(ii) Reconciliation of Revenue from sale of products with the contracted price

There is no material variation in contracted transaction price and revenue recognised in Statement of Profit and Loss on account of discounts, rebates, refund, credits, price concession, incentive, performances etc.

(iii) In respect of plants given on operating lease having composite arrangement and the contract with customers for job-work and facility charges in respect of certain onsite gas supply contracts classified as lease, the amount attributed to lease income in all such contracts is segregated in accordance with Ind AS 116 and Ind AS 115 and presented as 'Lease rent' and the balance amount is included in 'Operations and maintenance charges' and revenue from sale of products, as appropriate viz. revenue from contract with customers. These contracts are negotiated as a package deal with a single commercial objective. However, the invoicing in respect of such arrangements is done as per contractual terms i.e. job-work, facility charges etc.

(iv) Unsatisfied (or partially satisfied) performance obligations are subject to variability due to several factors such as terminations, changes in scope of contracts, periodic revaluations of the estimates, economic factors etc. The aggregate value of transaction price allocated to unsatisfied (or partially satisfied) performance obligations is ₹ 415133.75 lakhs (Previous year ₹ 208187.11 lakhs) out of which about 11% (Previous year 15%) is expected to be recognised as revenue in the next year and the balance thereafter.

(v) Contract balances

	(₹ in Lakhs)	
Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables	33489.79	26747.38
Contract liabilities (Advance from customers)	561.73	551.74

During the year ended March 31, 2025, the Company has recognized revenue of ₹ 530.13 lakhs (as at March 31, 2024: ₹ 417.73 Lakhs) arising from opening contract liabilities.

(vi) Reduction of revenue, on account of consideration payable to customers for supply of power accounted for as reduction in the transaction price is ₹ 17204.70 lakhs (preceding year ₹ 12838.46 lakhs).

Notes to the Consolidated Financial Statements

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

39. Contingent liabilities

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
A) Claims against the Company not acknowledged as debts (see footnote 1)	1315.59	678.54
B) Other contingent liabilities		
(i) Relating to property, plant and equipment		
Entry Tax (see footnote 3)	14.68	14.68
Total	14.68	14.68
(ii) Others		
Excise duty and Service Tax (see footnote 2)	1884.98	3475.70
Sales Tax (see footnote 3)	55.93	55.93
Income Tax (see footnote 4)	242.39	1393.76
Goods and Service Tax (GST) (see footnote 5)	266.33	145.37
Total	2449.63	5070.76

Notes:

- Claims against the Company not acknowledged as debt ₹ 1315.59 lakhs (March 31, 2024 - ₹ 678.54 lakhs) includes:
 - One party had raised demand of ₹ 270.00 lakhs (March 31, 2024 - ₹ 270.00 lakhs) towards GST on transaction related to transfer of leasehold rights in land in favour of the Company (having impact on ROU).
 - Demand of ₹ Nil (March 31, 2024 - ₹ 354.06 lakhs) towards additional tariff revision by a power distribution company for earlier years. The said demand has been provided during the year.
 - One party has claimed ₹ 991.10 lakhs (March 31, 2024 - Nil) towards pre-commissioning power cost. The Company has disputed the claim since the same is not as per the terms of agreement. (having impact on PPE).
- Excise duty and Service tax demands – ₹ 1884.98 lakhs (March 31, 2024 - ₹ 3475.70 lakhs) including demands relating to PPE:
 Amount of Rs. 1884.98 lakhs (March 31, 2024 - ₹ 3475.70 lakhs) for which the Company has received various demands including show cause notices regarding various issues on account of excise duty and service tax. In cases of confirmed demand orders the Company has filed the appeals at appropriate levels and in case of show cause notices the Company has filed the replies.
 The above excise and services tax demands includes ₹ 1049.14 lakhs (March 31, 2024 - ₹ 1264.13 lakhs) in respect of matters where the Company has already received a decision in appellate proceedings in its favour on similar issue.
 Amount paid against above liabilities and carried under 'Security deposits' under Non current assets - ₹ 104.44 lakhs (March 31, 2024 - ₹ 139.51 lakhs).
- Sales tax and entry tax demands – ₹ 70.61 lakhs (March 31, 2024 - ₹ 70.61 lakhs) includes:
 Amount of ₹ 70.61 lakhs (March 31, 2024 - ₹ 70.61 lakhs) for which the Company has received demand orders on various issues. The Company have filed the appeals at appropriate levels and matters are pending.
 Amount paid against above liabilities and carried under 'Security deposits' under Non current assets - ₹ 25.22 lakhs (March 31, 2024 - ₹ 25.22 lakhs).
- Income tax demands - ₹ 242.39 lakhs (March 31, 2024 - ₹ 1393.76 lakhs):
 The Company has received assessment orders for Assessment Year ("A.Y.") 2020-21 and 2022-23 wherein the assessing officer has raised demands by treating the capital subsidy/industrial promotion subsidy as revenue receipt and disallowance of certain deductions claimed under Chapter VIA of the Income-tax Act. The Company has preferred appeals before CIT(A) in respect of these two years and are pending adjudication.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

The issue of treating capital subsidy/industrial promotion subsidy as revenue receipt was also raised in the assessment orders for A.Y. 2015-16 to 2017-18. The Company has now received favourable orders from CIT(A) for these three years wherein such capital subsidy/industrial promotion subsidy is held as capital receipt.

In the appellate orders of ITAT for the A.Y. 2013-14 and A.Y. 2014-15, such subsidies are held as capital receipt.

The amounts paid/refund adjusted against the above demands is ₹ 202.37 lakhs (March 31, 2024 ₹ 722.75 lakhs).

5. GST demands - ₹ 266.33 lakhs (March 31, 2024 - ₹ 145.37 lakhs) :

Amount of ₹ 266.33 lakhs (March 31, 2024 - ₹ 145.37 lakhs) for which the Company has received demand orders on various issues. Amount paid against above liabilities and carried under 'Security deposits' under Non current assets - ₹ 13.22 lakhs (March 31, 2024 - ₹ 13.22 lakhs). The Company has disputed the said demand and has filed / in the process of filing appeals at appropriate levels.

In respect of above matters, no provision is considered necessary as the Company expects favourable outcome. Further, it is not possible for the Company to estimate the timing and amount of the further cash outflow, if any, in respect of these matters.

40. The Code on Social Security 2020 has been notified in the Official Gazette on September 29, 2020, which could impact the contributions by the Company towards certain employment benefits. However, the date from which the Code will come into effect has not been notified. The Company will assess and give appropriate impact in the financial statements in the period in which the Code comes into effect.

41. Leases

[A] Company as a lessor

Assets given on operating lease comprise of Air Separation Plants and equipments installed at the customers' premises. The lease tenure is ranging from ten years to twenty years, which can be further extended as mutually agreed in some cases. The non-cancellable initial lease tenure is ranging from a period of ten years to twenty years. The lease agreements broadly provide for minimum lease rent in case of non-operation of the leased assets by the lessee during the initial non-cancellable tenure. The Company purchases, on exclusive basis, surplus liquid gases wherever produced, from the lessee at an agreed price under a separate contract. Also see Note 29(iii).

The Company manages the risk associated with the rights it retains in the underlying assets by way of its legal and contractual right to repossess the underlying assets at the end of the lease term or in case of continuing default in payment of dues by the other party. In such cases, the underlying assets can be put to alternative use by the Company, particularly in view of the remaining economic life of the asset. Further, the underlying assets are leased with monthly charges which generally do not include any variable lease payments that depend on an index or rate.

Particulars of assets given on operating lease:

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
a) Gross carrying amount of assets given on operating lease	263930.85	213853.17
b) Accumulated depreciation as at the end of the year	74749.40	65058.08
c) Depreciation for the year	9693.23	9205.18
d) Future minimum lease payments :		
i) not later than one year	31451.47	26711.07
ii) later than one year and not later than five years	120681.14	100863.35
iii) later than five years	166663.58	134491.95

[B] Company as a lessee

- (a) The Company's significant leasing arrangements are in respect of leasehold lands. The Company has also taken certain commercial premises on lease.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

(b) Particulars of right-to-use assets and lease liabilities

i. Carrying value of right-of-use assets by class of underlying assets (₹ in Lakhs)

Particulars	Buildings	Land	Total
I. Gross Block			
Balance as at April 1, 2023	244.94	7330.49	7575.43
Additions	-	213.53	213.53
Balance as at March 31, 2024	244.94	7544.02	7788.96

ii. Movement in lease liabilities during year ended: (₹ in Lakhs)

Particulars	Amount
Balance as at April 1, 2023	635.35
Additions during the year	121.99
Interest on lease liabilities	41.89
Payment of lease liabilities	(82.34)
Balance as at March 31, 2024	716.89
Additions during the year	239.04
Deletions	-
Interest on lease liabilities	66.77
Payment of lease liabilities	(92.62)
Balance as at March 31, 2025	930.08

iii. Contractual maturities of lease liabilities as at reporting date on an undiscounted basis:

Particulars	As at March 31, 2025	As at March 31, 2024
Maturity analysis - contractual undiscounted cash flows		
Less than one year	97.26	68.35
One to five years	422.27	267.27
More than five years	1454.43	1255.92
Total undiscounted lease liabilities	1973.96	1591.54

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

iv. Amount recognized in statement of profit and loss

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Interest on lease liabilities	66.77	41.89
Included in rent expenses: Expense relating to short-term leases	521.42	247.76

v. Amounts recognised in the statement of cash flows

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Total cash outflow for leases	92.62	82.34

42. Segment information

Information reported to the Chief Operating Decision Maker (CODM) for the purpose of resource allocation and assessment of segment performance focuses on single business segment of manufacture, trading and supply of industrial, medical gases and other gases, either through sale of products or manufacture and supply of gas on job work basis or providing facilities at customer location or giving plant on operating lease generally with a right to operate and maintenance of such plants. Hence the Company has only one operating segment.

Further, the Company caters mainly to the Indian market and the export turnover is less than 1% of the Revenue from Operations of the Company. All the operating facilities of the Company are located in India.

a) Details of sale of major products and other operating revenue are as under:

(₹ in Lakhs)

	2024 - 2025	2023 - 2024
Sale of products		
i. Finished goods		
Oxygen/Medical oxygen	102829.23	90300.74
Nitrogen	59655.35	54329.80

vii. Term Loan 7	55612.01	65325.43
viii. Term Loan 8	33056.00	34999.59
Total	166730.51	144847.01

Securities and Terms of repayment etc. for Rupee Term loans from Banks

i. Term Loan 1

Secured by way of first and exclusive charge on movable fixed assets of the Company's units located at Vile Bhagad, Wardha, Mangaon (POSCO), Hospet (SLRM) Hazira 885 TPD (AMNS), Salem(SSP), Jhagadia (UPL). The loan is repayable in 17 equal instalments on quarterly basis starting from March 31 2022 and carries interest @ 5.95% per annum.

ii. Term Loan 2

The loan is repayable in 22 instalments on quarterly basis starting from December 2026 and carries interest at Repo Rate plus 170 basis points (present rate of interest @ 7.95% p.a.). Secured by way of exclusive charge on movable fixed assets of the Company's units located at Bokaro 2150 TPD plant at Bokaro Steel City.

iii. Term Loan 3

The loan was repayable in 9 equal instalments on quarterly basis starting from the end of 12th month of the first disbursement (i.e. from April 28, 2022) and carried interest @ 5.25% p.a. linked to 1 month repo with floor rate of 4.75% p.a. & cap rate 5.75% p.a. If repo rate is 5.75% and above, then applicable rate would be repo rate plus 0.25%. The loan is fully repaid during the current year.

iv. Term Loan 4

The loan is repayable in 13 equal instalments on quarterly basis starting from the end of 12th month of the first disbursement (i.e. from April 28, 2022) and carries fixed interest rate @ 5.75% p.a.

v. Term Loan 5

The loan is repayable in 12 equal instalments on quarterly basis starting from August 2024 and carries annual interest rate @ 3 Months' Treasury bill plus margin spread of 0.82% and secured by way of first and exclusive charge on movable fixed assets of the Company's units situated at Karjan, Palakkad, Sriperumbandur and Chakan.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

vi. Term Loan 6

The loan is repayable in 12 equal instalments on quarterly basis starting from August 2024 and carries annual interest rate @ 3 Months' Treasury bill plus margin spread of 0.75%.

vii. Term Loan 7

The loan is repayable in 20 equal instalments on quarterly basis starting from September 2024 and carries annual interest rate @ 1 Months' Treasury bill plus margin spread of 1%.

viii. Term Loan 8

The loan is repayable in 18 equal instalments on quarterly basis starting from March 2025 and carries annual interest rate @ REPO rate plus margin spread of 1.10% and secured by way of first and exclusive charge on movable fixed assets of the Company's plants at Hosur, Barjora (both plants), Raebareli and Modi Nagar.

Security for Term Loan 3, 4, 6 & 7:

Secured by way of first and exclusive charge on movable fixed assets of the Company's units situated at Simej, Narmadapuram, Aurangabad, Bhiwadi, 700 TPD Plant in the premises of Arcellor Mittal Nippon Steel India at Hazira and Air Separation Plant in the premises of Jindal Steel at Angul.

2. Unsecured loans:

The loan from a related party Prodair Corporation, USA is payable upon the liquidation, dissolution or winding up of the Company other than a bonafide solvent reconstruction or amalgamation of the Company and is interest free. Considering the uncertainty of the date of repayment, the same is carried at the amount actually received and payable.

44. Financial Instruments:

44.1 Capital Management

The Company manages its capital to ensure that entity will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt and total equity of the Company. The Company is not subject to any externally imposed capital requirement.

The Company's Board of Directors (BOD) reviews the capital structure of the entity. As part of this review, BOD considers the cost of capital and risk associated with each class of capital.

44.1.1 The gearing ratio at the end of the reporting period was as follows:

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Total debt	166730.51	144847.01
Less: Cash and bank balances	(86099.03)	(74867.75)
Net Debt	80631.48	69979.26
Total Equity	634114.61	547306.24
Net Debt to equity Ratio (in times)	0.13	0.13

Note:

Debt is defined as Long term borrowing, short term borrowing, current maturities of long term borrowings and interest thereon and excludes loan from Prodair Corporation (see note 43(2)).

Cash and bank balances include cash and cash equivalents, other bank balances and excludes margin money deposit and balance in unclaimed dividend account.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

44.2 Categories of financial instruments

(₹ in Lakhs)

Particulars	As at March 31, 2025	As at March 31, 2024
Financial assets		
Measured at fair value through profit or loss (FVTPL)		
(a) Mandatorily measured		
(i) Investment in mutual funds	133457.24	153202.75
(ii) Investment in preference shares	45.00	45.00
(b) Investment in equity instruments	4889.84	2511.55
Sub-total (a+b)	138392.08	155759.30
Measured at amortised cost		
(a) Investment in debentures	2751.61	2752.17
(b) Cash and bank balances	86100.48	74869.04
(c) Trade receivables	33489.79	26747.38
(d) Loans	182.48	166.25
(e) Other financial assets		
i. Deposits with financial institutions	9462.21	11112.07
ii. Others	13151.82	8995.28
Sub-total (a+b+c+d+e)	145138.39	124642.19
Total financial assets	283530.47	280401.49
Financial liabilities		
Measured at amortised cost		
(a) Borrowings	169433.51	147550.01
(b) Lease liabilities	930.08	716.89
(c) Trade payables	11085.96	10029.80
(d) Other financial liabilities	47125.39	31344.16
Total financial liabilities	228574.94	189640.86

The carrying amount reflected above represents the entity's maximum exposure to credit risk for such financial assets.

44.3 Financial risk management

The Company's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations including acquisition of PPE. The Company's principal financial assets include loans, trade and other receivables, cash and cash equivalents, other bank balances and deposits with financial institutions. The Company also holds investments at FVTPL.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Senior management provides assurance to the Board of directors that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Company does not enter into any derivative instruments for trading or speculative purposes. The Board of Directors reviews and formulates policies for managing each of these risks.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

44.4 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: foreign currency risk, interest rate risk and other price risk.

a) Foreign Currency Risk Management

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The foreign currency denominated monetary assets of the Company are not significant. The foreign currency denominated monetary liabilities are generally settled within a short period and hence the foreign exchange fluctuation risk is minimal. Exchange rate exposures are managed within approved policy parameters, utilising forward foreign currency contracts, as and when necessary.

(i) The Foreign Currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follow:

Particulars	(Amount in foreign currency)	
	As at March 31, 2025	As at March 31, 2024
Liabilities		
Other liabilities- trade and other payables		
USD	10984589	13614864
EURO	12469	33197
Assets		
Trade and other receivables		
USD	121525	48587

The carrying amount in INR of Foreign Currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follow:

Particulars	(₹ in Lakhs)	
	As at March 31, 2025	As at March 31, 2024
Liabilities		
Other liabilities- trade and other payables		
USD	9468.72	11417.02
EURO	11.63	30.21
Assets		
Trade and other receivables		
USD	104.75	40.74

(ii) Foreign Currency Sensitivity Analysis

The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to USD.

The following table details the Company's sensitivity to a 5% increase and decrease in rupees against the foreign currency. 5% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes unhedged receivables and payables in currency other than the functional currency of the Company.

Change in USD rate	(₹ in Lakhs)	
	Effect on profit or and total equity (net of tax)	
	As at March 31, 2025	As at March 31, 2024
Increase by 5%	(350.36)	(425.65)
decrease by 5%	350.36	425.65

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

b) Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The term loans from banks have both fixed and floating interest rates. Cash credits are subject to variable rate of interest. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Financial assets i.e. deposits with financial institutions & bank deposits carry fixed rate of interest. Thus, the Company's exposure to the risk of changes in the interest rate is not significant.

Interest sensitivity: For floating rate borrowings, the analysis is prepared assuming the amount of the liability outstanding at the end of the year was outstanding for the whole year.

Particulars	(₹ In Lakhs)	
	Impact (net of tax)	
	As at 31 March 2025	As at 31 March 2024
Increase by 50 basis points	601.68	490.57
Decrease by 50 basis points	601.68	490.57

c) Other price risks

The Company is exposed to equity price risks arising from equity investments. Investments in equity/preference instruments in Joint Venture and other companies are held for strategic purposes rather than trading purposes. The Company does not actively trade in these investments. The Company's investment in mutual funds are in debt funds. Hence the Company's exposure to equity price risk is minimal.

44.5 Credit Risk Management

Credit risk refers to risk that a counterparty will default on its contractual obligations to pay resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investment in mutual funds, debentures, balances with banks/financial institutions, loans and other receivables.

Credit risk arising from balances with banks / financials institutions, investment in debentures is limited because the counterparties are reputed banks and recognised financial institutions with high credit ratings assigned by the various credit rating agencies. Further investments in mutual funds are in debt funds of reputed mutual fund houses.

a) Trade receivables

For trade receivables, the average credit period generally ranges from 30 to 45 days. Before accepting any new customer, the Company uses information available in public domain and industry sources to assess the potential customer's credit quality and defines credit limits for respective customer. Credit Limits attributed to customers are reviewed periodically.

Customers representing more than 5% of the total balance of trade receivables as at March 31, 2025 of ₹ 3765.13 lakhs (as at March 31, 2024 of ₹ 3854.12 lakhs) are due from one major customer (Previous year - two major customers) with whom the Company is having long term contracts.

The Company has used a practical expedient for computing the expected credit loss allowance for trade receivables based on provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward looking information. The expected credit loss allowance is based on ageing of the days the receivables are due and the rates as given in provision matrix. The provision matrix at the end of the reporting period is as follows:

Ageing	Expected Credit Loss (%)	
	As at March 31, 2025	As at March 31, 2024
Within the credit period	0.20%	0.20%
0-6 months	0.50%	0.50%
6 months to 1 years	1.00%	1.00%
> 1 years	2.00%	2.00%

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

Movement in the expected credit loss allowance

(₹ in Lakhs)

Particulars	As at 31 March 2025	As at 31 March 2024
Balance at beginning of the year	79.06	70.12
Movement in expected credit loss allowance on trade receivables	15.72	8.94
Balance at the end of the year	94.78	79.06

b) Loans and other financial assets

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the loans given by the Company. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

The Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/income in the Statement of Profit and Loss under the head 'Other expenses/Other income'.

44.6 Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Liquidity risk table

The following table detail the analysis of financial liabilities of the Company into relevant maturity groupings based on the remaining period from the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

(₹ in Lakhs)

	Less than 1 year	Between 1 to 5 years	Over 5 years	Total
As at March 31, 2025				
Financial Liabilities				
Borrowings	36694.54	111815.98	20922.99	169433.51
Other financial liabilities	46925.39	100.00	100.00	47125.39
Trade payables	11085.96	-	-	11085.96
	94705.89	111915.98	21022.99	227644.86
As at March 31, 2024				
Financial Liabilities				
Borrowings	24398.13	115221.78	7930.10	147550.01
Other financial liabilities	31144.15	100.00	100.00	31344.15
Trade payables	10029.80	-	-	10029.80
	65572.08	115321.78	8030.10	188923.96

The above liabilities will be met by the Company from internal accruals, realization of current and non-current financial assets (other than strategic investments). Further, the Company also has unutilised borrowing facilities.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

44.7 Fair Value Measurements

- a. The following table provides the fair value measurement hierarchy of the Company's financial assets and liabilities that are measured at fair value

Financial Assets	Fair Value as at		Fair Value hierarchy	Valuation technique(s) and key input(s)	Significant unobservable input(s)	Relationship of unobservable inputs to fair value
	As at March 31, 2025	As at March 31, 2024				
1. Investment in Mutual Funds (Note 8B)	133457.24	153202.75	Level 1	Quoted prices in an active market.	NA	NA
2. Investment in equity instruments of captive power generation companies (unquoted) - (Note 8B)					NA	NA
a. Watsun Infrabuild Private Limited	-	169.02	Level 2	These investments are made in the power generation companies to become eligible as a captive power consumer. In such cases, the shareholders agreement provide that the shares will be transferred at a price not less than the amount invested by the Company.	NA	NA
b. TP Saurya Bandita Limited	1220.53	1220.53				
c. FPEL Daylight Private Limited	1122.00	1122.00				
d. Clean Max Enviro Energy Solutions Private Limited	1227.84	-				
e. Amplus IRU Private Limited	986.97	-				
f. Sunsure Solarpark Six Private Limited	332.50	-				
3. Investment in preference shares of Enviro Infrastructure Company Ltd. (unquoted) - (Note 8B)	45.00	45.00	Level 2	The fair valuation is derived from the issue documents where in the preference shares will be redeemed at the face value i.e. carrying amount of the investment.	NA	NA

During the period, there were no transfers between Level 1 and 2.

44.8 Fair Value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

45. Employee Benefits:

(i) Defined Contribution Plans:

The Company contributes to the Government managed provident and pension fund for all qualifying employees.

Contribution to provident and pension fund of ₹ 1086.15 lakhs (March 31, 2024 - ₹ 947.25 lakhs) is recognised as an expense and included in "Contribution to provident and other funds" in statement of profit and loss and ₹ 41.70 lakhs (March 31, 2024 - ₹ 46.35 lakhs) included in pre-operative expenses.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

(ii) Defined Benefit Plans:

a) The Company has a defined benefit gratuity plan (funded):

The Company has defined benefit gratuity plan for its employees. It is governed by the Payment of Gratuity Act, 1972. Under the Act, an employee who has completed five years of service is entitled to specific benefits. The level of benefits provided depends on the member's length of service, grade and salary at retirement age. The Company has created a fund in the form of Gratuity Trust which is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets including investment of the funds in accordance with the norms prescribed by the Government of India.

Each year, the Board of Trustees and the Company review the level of funding in the gratuity plan. The plan assets have been invested in various Group Gratuity Schemes with Life Insurance Corporation of India.

b) Amendment to defined benefit gratuity plan

During the previous year, the Company had amended its defined benefit gratuity plan wherein employees of specified grades and having completed certain years of continuous services with the Company were eligible for additional gratuity benefits. The impact of this plan amendment had been recognised in statement of profit and loss as past service cost on plan amendment.

c) This plan typically exposes the Company to actuarial risks such as interest risk and salary risk.

Interest risk

A decrease in the bond interest rate will increase the plan liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, any variation in the expected rate of salary increase of the plan participants will change the plan liability.

d) The most recent actuarial valuation of the present value of the defined benefit obligation was carried out as at March 31, 2025 by Mr. G.N. Agarwal, Fellow of the Institute of the Actuaries of India. The present value of the defined benefit obligation, the related current service cost and past service cost, were measured using the projected unit credit method.

e) The principal assumptions used for the purposes of the actuarial valuations of gratuity are as follows.

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.73%	6.97%
Expected rate of salary increase	10.00%	10.00%
Employee Attrition Rate	1.00%	1.00%
Mortality rate	IALM (2012-14) Ult.	

f) Amount recognised in statement of profit and loss in respect of gratuity are as under.

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Service Cost		
Current service Cost	648.02	522.22
Past service cost on plan amendment (see note (b) above)	-	2038.28
Premium for group gratuity policy	26.55	23.79
Net interest expense	60.40	84.31
Components of defined benefit costs recognised in profit or loss	734.97	2668.60

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Remeasurement on the net defined benefit liability		
Return on plan assets (excluding amount included in net interest expense)	(55.30)	(78.32)
Actuarial (gains) and loss arising from changes in financial assumptions	150.09	130.54
Actuarial (gains) and loss arising from experience adjustments	241.96	161.07
Components of defined benefit costs recognised in other comprehensive income	336.75	213.29
Total	1071.72	2881.89

The amount included in the balance sheet arising from the entity's obligation in respect of its defined benefit plans are as follow:

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Present value of funded defined benefit obligation	8346.75	7174.64
Fair value of plan assets	6722.00	5671.61
Funded status	(1624.75)	(1503.03)
Net liability arising from defined benefit obligation disclosed in balance sheet	1624.75	1503.03

Movement in the defined benefit obligation in respect of gratuity :

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Opening defined benefit obligation	7174.64	6663.47
Current Service Cost	648.02	522.22
Interest cost	475.90	462.83
Past service cost on plan amendment (see note (b) above)	-	2038.28
Actuarial (gains) and loss arising from changes in financial assumptions	150.09	130.54
Actuarial (gains) and loss arising from experience adjustments	241.96	161.07
Benefits Paid	(343.86)	(2803.77)
Closing defined benefit obligation	8346.75	7174.64

Movement in the fair value of the plan assets are as follows:

(₹ in Lakhs)

Particulars	Gratuity	
	2024 - 2025	2023 - 2024
Opening fair value of plan assets	5671.61	6063.40
Interest Income	415.51	378.52
Return on Plan Assets (excluding amounts included in net interest expense)	55.30	78.32
Contribution from the Employer	923.44	778.21
Benefits Paid	(343.86)	(1626.84)
Closing fair value of plan assets	6722.00	5671.61

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

- g) The fair value of the plan assets at the end of the reporting period for each category, is as follows:

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Cash and cash equivalents	6.13	7.11
Fund Balance with LIC of India in various Group Gratuity Schemes	6715.87	5664.50
Total	6722.00	5671.61

- h) Sensitivity Analysis

Significant actuarial assumptions for the determination of defined obligation are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lakhs)

Particulars	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Impact on Present Value of defined benefit obligation		
If Discount Rate increased by 1%	(594.12)	(516.74)
If Discount Rate decreased by 1%	682.91	593.88
If Salary Escalation Rate increased by 1%	650.76	567.25
If Salary Escalation Rate decreased by 1%	(578.98)	(504.60)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

- i) The Company expects to contribute ₹ 700.00 lakhs to gratuity trust during the financial year 2025-2026. There is no compulsion on the Company to fully pre fund the liability of the plan.
- j) The average duration of the defined benefit plan obligation at the end of the reporting period is 7.85 years.
- k) **Expected outflow in future years (as provided in actuarial report)**

(₹ in Lakhs)

Particulars	As at March 31, 2025
Expected outflow in 1st Year	848.38
Expected outflow in 2nd Year	1129.03
Expected outflow in 3rd Year	496.40
Expected outflow in 4th Year	394.67
Expected outflow in 5th Year	802.41
Expected outflow in 6th to 10th Year	2249.66

- l) There are no other post retirement benefits provided by the Company.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

iii) Other short term and long term employment benefits:

Annual leave & Short term leave

The liability towards compensated absences based on actuarial valuation carried out by using Projected unit method resulted in increase in liability by ₹ 245.41 lakhs for the year ended March 31, 2025 (March 31, 2024 - increase by ₹ 169.28 lakhs), which is included in the employee benefits in the statement of profit and loss.

The principal assumptions used for the purposes of the actuarial valuations of compensated absences are as follows.

Particulars	As at	
	March 31, 2025	March 31, 2024
Discount rate	6.55%	6.97%
Expected rate of salary increase	10.00%	10.00%
Employee Attrition Rate	1.00%	1.00%
Mortality rate	IALM (2012-14) Ult.

As the liabilities for the defined benefit plans and other long term benefits are provided on actuarial basis for the Company, the amount pertaining to KMPs are not included above. Shri P K Jain retired as an Executive Chairman on 31st March 2024 and his remuneration reported above for previous year includes retirement benefits paid as per defined benefit plan of the Company. Contribution to Provident Fund (defined contribution plan) is ₹ 66.00 lakhs (as at 31st March 2024: ₹ 60.00 lakhs) included in the amount of remuneration reported above.

- (f) There are no transactions with other directors.

47. Additional disclosures/regulatory information as required by Schedule III to the Companies Act, 2013

a) Details of benami property held

No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and the Rules made thereunder.

b) Relationship with Struck off Companies

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956.

c) Compliance with number of layers of companies

The Company does not have any subsidiaries and hence the provisions regarding compliance with the number of layers prescribed under clause (87) of section 2 of the Companies Act, 2013 read with Companies (Restriction on number of Layers) Rules, 2017 are not applicable to the Company.

d) Compliance with approved Scheme(s) of Arrangements

There is no Scheme of Arrangements that has been approved by the Competent Authority in terms of Sections 230 to 237 of the Companies Act, 2013.

e) Loans and advances granted to related party

The Company has not granted any loans or advances in the nature of loans to promoters, directors, KMPs and the related parties.

f) Undisclosed income

There is no income surrendered or disclosed as income during the current or preceding year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961), that has not been recorded in the books of account.

g) Details of Crypto Currency or Virtual Currency

The Company has not traded or invested in crypto currency or virtual currency during the financial year.

Notes to the Consolidated Financial Statements

for the year ended March 31, 2025

h) Utilisation of Borrowed funds and share premium

The Company has not advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

The Company has not received any fund from any person(s) or entity(ies), including foreign entities ("Funding Party"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

i) In case of borrowings from banks

1) Utilisation of borrowed funds

At the balance sheet date, the Company has used the borrowings from banks for the specific purpose for which it was taken.

2) Security of current assets against borrowings

The Company does not have any borrowings from banks on the basis of security of current assets.

3) Wilful defaulter

The Company is not declared wilful defaulter by any bank or financial institution or other lender.

4) Registration of charges or satisfaction with Registrar of Companies

There are no charges or satisfaction of charges that are yet to be registered with Registrar of Companies beyond the statutory period.

j) The Company has not revalued its property, plant and equipment (including right-of-use assets) and intangible assets.

48 Calculation of Earnings per Share (EPS)

Particulars	2024 - 2025	2023 - 2024
i) Amount used as the numerator - Profit after taxation (₹ in Lakhs)	88094.44	76568.64
